## **On Bullshit:**

**On Bullshit** Harry G. Frankfurt, 2025-08-05 Over one million copies sold worldwide The international and 1 New York Times bestseller The anniversary edition of the acclaimed book that reveals why bullshit is more dangerous than lying One of the most prominent features of our world is that there is so much bullshit Yet we have no clear understanding of what bullshit is how it is different from lying what purposes it serves and what it means In his acclaimed bestseller *On Bullshit* which was featured on The Daily Show and 60 Minutes Harry Frankfurt who was one of the world's most influential moral philosophers explores one of the most serious problems of our politics and our world This twentieth anniversary edition features a postscript in which Frankfurt emphasizes that indifference to the truth is extremely dangerous With his characteristic combination of philosophical acuity psychological insight and wry humor Frankfurt argues that bullshitters misrepresent themselves to their audience not as liars do that is by deliberately making false claims about what's true Rather bullshitters seek to convey a certain impression of themselves without being concerned about whether anything at all is true They quietly change the rules governing the conversation so that claims about truth and falsity are irrelevant Although bullshit can take innocent forms excessive indulgence in it can eventually undermine the bullshitter's capacity to tell the truth in a way that lying doesn't Liars at least acknowledge that the truth matters Because of this Frankfurt says bullshit is a greater enemy of the truth than lies are Remarkably prescient and insightful *On Bullshit* is a small book that explains a great deal about our time

*On Bullshit* Harry G. Frankfurt, 2005-01-01 Presents a theory of bullshit how it differs from lying how those who engage in it change the rules of conversation and how indulgence in bullshit can alter a person's ability to tell the truth

*On Truth* Harry Frankfurt, 2006-10-31 Having outlined a theory of bullshit and falsehood Harry G Frankfurt turns to what lies beyond them the truth a concept not as obvious as some might expect Our culture's devotion to bullshit may seem much stronger than our apparently halfhearted attachment to truth Some people professional thinkers won't even acknowledge true and false as meaningful categories and even those who claim to love truth cause the rest of us to wonder whether they too aren't simply full of it Practically speaking many of us deploy the truth only when absolutely necessary often finding alternatives to be more saleable and yet somehow civilization seems to be muddling along But where are we headed Is our fast and easy way with the facts actually crippling us Or is it all good Really what's the use of truth anyway With the same leavening wit and commonsense wisdom that animates his pathbreaking work *On Bullshit* Frankfurt encourages us to take another look at the truth there may be something there that is perhaps too plain to notice but for which we have a mostly unacknowledged yet deep seated passion His book will have sentient beings across America asking The truth why didn't I think of that

**On Truth** Harry Frankfurt, 2006-10-31 Having outlined a theory of bullshit and falsehood Harry G Frankfurt turns to what lies beyond them the truth a concept not as obvious as some might expect Our culture's devotion to bullshit may seem much stronger than our apparently halfhearted attachment to truth Some people

professional thinkers won't even acknowledge true and false as meaningful categories and even those who claim to love truth cause the rest of us to wonder whether they too aren't simply full of it. Practically speaking many of us deploy the truth only when absolutely necessary often finding alternatives to be more saleable and yet somehow civilization seems to be muddling along. But where are we headed? Is our fast and easy way with the facts actually crippling us? Or is it all good? Really what's the use of truth anyway? With the same leavening wit and commonsense wisdom that animates his pathbreaking work *On Bullshit* Frankfurt encourages us to take another look at the truth there may be something there that is perhaps too plain to notice but for which we have a mostly unacknowledged yet deep seated passion. His book will have sentient beings across America asking 'The truth why didn't I think of that?' *Bullshit and Philosophy* Gary L. Hardcastle, George A. Reisch, 2011-09-30

Popular interest in bullshit and its near relative truthiness is at an all time high but the subject has a rich philosophical history with Hobbes Locke Hume and Kant all weighing in on the matter. Here contemporary philosophers reflect on bullshit from epistemological ethical metaphysical historical and political points of view. Tackling questions including what is bullshit what does it do is it a passing fad and can it ever be eliminated the book is a guide and resource for the many who find bullshit worth pondering. **On Bullshit** Harry Frankfurt, **The Business of Bullshit** Graham Edmonds, 2006. Modern life is full of BS so much so that sometimes it's hard to know where to draw the line. Edmonds offers hilarious explanations of over five hundred commonly used BS words and phrases from consulting marketing politics and sports. **The Soft Revolution** Neil Postman, Charles Weingartner, 1973 New York Court of Appeals. Records and Briefs. New York (State)., **Burnt Out** Victoria Brookman, 2022-01-01

How do you start again when your life is a smoking ruin? She lost everything in a bushfire and became the celebrity face of climate change. But is fame and living with a billionaire all it's cracked up to be? A warm and witty story for our times. Here's to rising from the ashes. Calida Lyons is having a very bad week. She's long past deadline for her still unwritten second novel her husband has just left her and her Blue Mountains community is being threatened by bushfires. Just as she hits rock bottom she's forced to shelter with neighbours while a fire incinerates everything she owns. Devastated and emotional in front of news cameras Cali delivers a blistering unfiltered rebuke to the nation's rich to do something. Her rant goes viral and she quickly becomes the latest celebrity face of the climate movement. Soon she's offered a harbourside refuge by handsome tech billionaire Arlo Richard her publisher is delighted with the new novel she's writing and she's the darling of high society. But things aren't as they seem. It's all built on lies and Cali's pretty sure that the precarious house of cards she's built is about to come tumbling down. The story zings along with plenty of laugh out loud moments great characters and page turning tension. It also has a huge heaping of heart and wisdom thrown into the mix making this a wonderful read. *The Australian* Has everything you want in a summer read a page turning plot intriguing characters with wonky moral compasses and enough political heart to make you feel like you've done something good for the world just by reading it. Jessica Dettmann author of *This Has Been Absolutely Lovely* Satisfying surprising funny and full of

observations about the ineffective blame game that passes for action on Australia's climate emergency The fact it's also a page turner is down to Victoria Brookman's quick wit Read it if you want a rom com with bite Holly Wainwright author of *I Give My Marriage A Year* Blisteringly wise and funny *Burnt Out* makes you want to hide from the world until you've turned the last page then compels you to get up and Do Something Searingly smart heart warming and perfect for the world we have now Tori Haschka author of *Grace Under Pressure* A page turner with a big heart Rose Hartley author of *Maggie's Going Nowhere* The story zings along with plenty of laugh out loud moments great characters and page turning tension It also has a huge heaping of heart and wisdom thrown into the mix making this a wonderful summer read Better Reading A true blue Aussie summer read *Woman's Day*     [Danger Close](#) Robert Grandin, David Sabben, Bob Buick, Geoffrey Martin Kendall, 2019-07-22 Now a major motion picture This is the first time that those in direct command of Delta Company have shared their memories of the most significant battle fought by Australians in Vietnam the Battle of Long Tan They describe the experiences that brought them to Vietnam and how Company commander Harry Smith drove Delta Company to become one of the most outstanding units in the Australian forces Each platoon played a crucial role in Delta Company's survival The artillery's commitment in providing an unbroken wall of metal through which the enemy had to advance is told from the perspectives of both the forward controller and the gun positions We fly with the RAAF helicopter pilots whose ammunition resupply was the turning point of the battle and experience the carnage of the battlefield through the eyes of those in the relieving APCs The trauma of the battle did not end with the action however as politics began to play its part in the drama The valour of those directly involved in the battle was never duly recognised The ongoing efforts of the Long Tan commanders to right the many wrongs perpetrated in the wake of the battle and their own journeys from the events of August 1966 draw the reader into a compelling dialogue on the aftermath of Vietnam Previously published as *The Battle of Long Tan As told by the commanders*     *The Philosophy of Michael Dummett* Randall E.
