**Selected Roberts Papers** Charles Stewart Roberts MD, 2013-07 This book describes seven generations of a single Roberts lineage in the Southern States. A selection of public and private papers is included which reflects the times and the temperaments of the authors. The Roberts in this lineage crossed the Blue Ridge in 1770 and were British loyalists on the Virginia frontier at the outbreak of the Revolutionary War. In the next three generations the family settled in newly opened Indian Territory in South Carolina, Georgia and Mississippi respectively. At the outbreak of the Civil War the Roberts patriarch was a Unionist judge in Georgia while the eldest son was a Secessionist attorney in Mississippi. The post War generations commenced with a literary college president who was life long friends with the Candler brothers of Emory and Coca Cola. The next three generations were physicians. The first was the first cardiologist in Georgia and a national medical leader. The second is a researcher in heart disease whose publications and addresses have had worldwide influence in medicine. And the last is author of this book.
