The Last Years On Earth 2 PEDRO GIORDANO DE FARIA E CICARELLI, The Last Years on Earth Part 2 First Mission is the direct continuation of the introductory adventure of the Space Ordiman role playing game developed exclusively for the Game Master GM This book presents the first official major mission of the Space Ordiman universe delivering a complete structured and ready to run campaign while offering full creative freedom for expansion customization and narrative depth At this stage of the campaign darkness is no longer a distant warning it is already in motion Silent and organized it manifests in the most unexpected places an alternative community at the foothills of the Himalayas a spiritual village in India and hidden temples concealed among crowded markets and forgotten alleys It is within this setting that First Mission begins a dark thriller that marks the first direct confrontation between the Ordiman Order and the forces operating in the shadows of the world The agent team is deployed to India with a clear objective infiltrate a seemingly peaceful community that serves as a front for a global network of human trafficking kidnappings and ritual sacrifices This network is linked to the sinister conglomerate Kalicosma a criminal and occult structure that exploits the world's invisible populations indigents backpackers refugees and untraceable travelers Every month thousands of people disappear without a trace fueling rituals that serve something far greater than conventional organized crime As the investigation unfolds the characters uncover the secrets of two substances central to Kalicosma's power Ultra K a drug that through continuous use erodes identity and free will transforming victims into obedient devotees incapable of resistance Slave K secretly distributed in regions such as Bangladesh used to coerce control and prepare vulnerable populations for mass ritual sacrifice Amid colorful festivals deceptively peaceful meditation centers hidden temples and the dangerous backstreets of overcrowded cities the Game Master guides a narrative where nothing is as it seems Allies may be disguised fanatics and every friendly face may conceal loyalty to dark forces Jungles alleys and sacred sites become as deadly as the cultists themselves First Mission is a campaign module focused on investigation psychological horror global conspiracies occult themes and moral tension pushing characters to their physical emotional and spiritual limits The mission is not merely to expose the network it is to survive it Designed as an essential Game Master resource this volume provides narrative structure key events antagonists hidden truths and critical decision points forming a solid foundation for campaigns set between 2025 and 2030 the decisive period to stop the Great Reset In The Last Years on Earth Part 2 the question is no longer whether the mission will succeed but whether anyone will return alive to tell the story

The year is 2112 and scientists are predicting that in twenty years or so an ice age will develop that will in all probability be an extinction level event ELE Six scientists from various scientific fields come together and are able to build a spaceship that is capable of traveling faster than the speed of light They discover that this will allow them to travel back in time Traveling essentially the speed of light allows them to travel forward in time Using time travel they go back to 2012 to try to convince people to change their ways and prevent this ELE from happening Unfortunately the people in that time period don t believe them and the ice age is definitely coming The six explorers search for an earth like planet to which they can bring a number of people They find a suitable planet more than two million light years from earth Is there time to find the appropriate individuals and transport them to this new planet before ice age engulfs the entire Earth *Holy-days and holidays, a treasury of historical material, sermons, poetry [&c.] relating to holy days and holidays, compiled by E.M.
