On Law and Ideology Paul Q. Hirst,1979 [On Law and Ideology](#) Paul H. Hirst,1979-07-04 *Research Handbook on Law and Marxism* O'Connell, Paul,Özsu, Umut,2021-12-14 This Research Handbook offers unparalleled insights into the large scale resurgence of interest in Marx and Marxism in recent years with contributions devoted specifically to Marxist critiques of law rights and the state **Althusser and Law** Laurent De Sutter,2013 Althusser from the privatisation of Public Law to the ongoing hegemony of Commercial Law and from the discourse on Human Rights to the practice of judicial courts Is Althusser still useful in helping us to understand these struggles Does he have something to teach us about how law is produced and how it is used and misused This collection demonstrates that Althusser's ideas about law are more important and more contemporary than ever Indeed the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life *Law, Labor, and Ideology in the Early American Republic* Christopher L. Tomlins,1993-04-30 This book presents a fundamental reinterpretation of law and politics in America between 1790 and 1850 the crucial period of the Republic's early growth and its movement toward industrialism It is the most detailed study yet available of the intellectual and institutional processes that created the foundation categories framing all the basic legal relationships involving working people [Colin Sumner](#) David Moxon,2020-01-28 This book explores the work of criminologist Colin Sumner It re presents his arguments and ideas on Marxism ideology censure deviance crime underdevelopment social control and the media situating them in their wider social context Moxon argues that Sumner should be restored within the criminology discipline as a pioneer who has produced works of great theoretical sophistication and insight By systematically considering Sumner's entire output the book shows how his thought involved a gradually deepening understanding of his core notion of ideological censure His writing is also marked by a growing unease with the effects of late modern capitalism and the quagmire of censoriousness rife in the 21st century This book makes clear that Sumner's work was remarkably prescient and his ideas may help up to make sense of complicated times *The Lost World of Classical Legal Thought* William Michael Wiecek,1998 **Jurisprudence as Ideology , Text and Materials on the Criminal Justice Process** Nicola Padfield,Jonathan Bild,2015-12-14 Highlighting key issues in Criminal Justice that students need to consider the Fifth Edition of this popular text contains a wide and varied selection of materials which help to explain the evolution of the criminal justice process in England and Wales since the early 1990s Statutes case law empirical research and official and unofficial reports as well as theoretical perspectives and academic comment are woven together and contextualized by the accompanying narrative to provide an authoritative account of the recent development of the criminal justice system Fully updated this Fifth Edition explores the issues around the introduction of Police and Crime Commissioners the contracting out of probation services the significant reforms to legal aid funding the challenges to trial by jury posed by the internet This book also helpfully directs students to further reading by chapter to provide next steps for

research Written in an accessible style Text and Materials on the Criminal Justice Process is a valuable resource for students of criminal justice **Declarations of Interdependence** Kirsten Anker,2016-05-13 This book takes up the postcolonial challenge for law and explains how the problems of legal recognition for Indigenous peoples are tied to an orthodox theory of law Constructing a theory of legal pluralism that is both critical of law s epistemological and ontological presuppositions as well as discursive in engaging a dialogue between legal traditions Anker focusses on prominent aspects of legal discourse and process such as sovereignty proof cultural translation and negotiation With case studies and examples principally drawn from Australia and Canada the book seeks to set state law in front of its own reflection in the mirror of Indigenous rights drawing on a broad base of scholarship in addition to legal theory from philosophy literary studies anthropology social theory Indigenous studies and art As a contribution to legal theory the study advances legal pluralist approaches not just by imagining a way to make space for Indigenous legal traditions but by actually working with their insights in building theory The book will be of value to students and researchers interested in Indigenous rights as well as those working in the areas of socio legal studies legal pluralism and law and cultural diversity *Ideology, Psychology, and Law* Jon Hanson,2012-01-11 Features the groundbreaking law related research of political psychologists Includes leading legal scholars commentary and analysis of political psychologists work The first book to bring together experts to discuss the interaction between psychology ideology and law
