Kucer, Cecilia Silva, Esther L. Delgado-Larocco, 1995 How do I pick a theme that all my students can get involved in Teaching with themes doesn't work I can never get the kids beyond the level of skills work I have ESL students who understand content areas conceptually in their native language but find it hard to express their ideas in English If I could help them put it all together they'll be more successful If this sounds familiar to you you'll welcome this concise and helpful book on the whys and hows of building and implementing a thematically unified curriculum The twenty nine themes outlined in Curricular Conversations cover all sorts of interests and subject matters These themes are not presented as prepackaged activity sets but in a framework with outlines of strategies and techniques By combining the theory and application of teaching with themes Curricular Conversations helps teachers and students to move beyond skills and facts to higher level thinking processes demonstrates how the themes work in real life shows teachers and students how to generate their own thematic units includes a bibliography of more than 1 000 children's books in English and Spanish and from various cultural backgrounds gives teachers support material in an appendix full of sample forms and charts for organizing and managing class discussions and investigations The key word here is conversations The authors feel that all students whatever their abilities languages or literacy levels may be should be able to join in and be engaged by the conversations about so many interesting things that a theme holds

Lectura y acoso escolar Santiago Yubero, Elisa Larrañaga, Raúl Navarro, Sandra Sánchez-García, 2023-05-22 Este libro parte de la consideración de que la lectura es un factor esencial en el desarrollo personal y social de los niños y niñas Las historias que nos ofrecen los libros son una fuente de información y entretenimiento que genera valores sociales Las creencias nos acercan al conocimiento del mundo y a las circunstancias que rodean nuestras relaciones personales y sociales

en las distintas situaciones que vivimos. Ciertamente las historias que contienen los libros pueden convertirse en una estrategia útil para visibilizar determinados temas sociales y pueden facilitarnos la realización de intervenciones socioeducativas. En este libro se desarrollan los factores de protección frente al acoso. Se han seleccionado una veintena de obras de literatura infantil y juvenil que aunque no tratan el tema de la violencia en las aulas de manera explícita, permiten realizar numerosas propuestas y actividades para la intervención socioeducativa contra el acoso escolar. La selección de títulos se presenta por edades y las actividades se diseñan y estructuran poniendo énfasis en las competencias y valores que ofrecen las narraciones, facilitando así la tarea de los mediadores de lectura: profesorado y familias. El interés de este texto es ayudar a que los educadores y educadoras mejoren sus conocimientos, dominen estrategias y dispongan de materiales adecuados para realizar intervenciones socioeducativas eficaces para la prevención del acoso.
