Olivia Lovers Kit:

The Lovers Set Down Their Spoons Heather A. Slomski, 2014-10-01 Winner of the 2014 Iowa Short Fiction Award Heather A. Slomski's debut story collection takes loss as its primary subject and holds it up to the light. In prose spare and daring, poised yet startling, these stories take shape in reality but reality they sometimes show us is not a separate realm from the fantastic or the surreal. Two couples meet for dinner to acknowledge an affair. A mannequin recalls a lover and the life she mysteriously lost. Two girls observe a young widow's grief through a café window. A man's hat is as discerning as Cinderella's shoe. In the fifteen stories that comprise this collection, some short as breaths, two of them novelettes, Slomski writes with a keen eye about relationships. About the desires that pull us together and the betrayals that push us apart. About jealousy, obsession, loneliness, and regret, the byproducts of loving someone that keep us awake at night. The characters in these stories share meals, drink wine, buy furniture, and art. They live domestic lives, so often wanting to love someone yet ending up alone. In one story, a woman's fiancé leaves her when she goes to post some mail. In another story, a man can't move past an affair his wife almost had. Another story describes a series of drawings to detail a couple's end. But while loss and heartache pervade these stories, there is also occasional hope. For as the title story shows us, sometimes a breakup isn't an end at all, but the beginning of your life.

Theory & Practice Michelle de Kretser, 2025-02-18

WINNER OF THE STELLA PRIZE A New York Times Book Review Editors' Choice A Washington Post Best Fiction Book of the Year *Theory & Practice* is a thrillingly original hybrid work that seeks truthful answers to the most difficult questions of the day: questions about the nature of love, art, and desire; about the thorny cultural legacy of colonialism and the unappeasable human yearning for connection. Sigrid Nunez, author of *The Vulnerables*. A new novel of startling intelligence from prizewinning Australian author Michelle de Kretser, following a writer looking back on her young adulthood and grappling with what happens when life smashes through the boundaries of art. It's 1986, and beautiful radical ideas are in the air. The narrator of *Theory & Practice*, a young woman originally from Sri Lanka, arrives in Melbourne for graduate school to research the novels of Virginia Woolf. In the bohemian neighborhood of St Kilda, she meets artists, activists, students, and Kit. He claims to be in a deconstructed relationship. They become lovers, and the narrator's feminism comes up against her jealousy. Meanwhile, an entry in Woolf's diary upends what the narrator knows about her literary idol and throws her own work into disarray. What happens when our desires run contrary to our beliefs? What should we do when the failings of revered figures come to light? Who is shamed when the truth is told? Michelle de Kretser's new novel offers a spellbinding meditation on the moral complexities that arise in the gap between our values and our lives.
