**Corey Beals**

## On Levinas:

**Essays on Levinas and Law** Desmond Manderson, 2008-12-18 This collection brings together major writers and major works on what Emmanuel Levinas means to law and injects Levinas provocative ethics right into the heart of living law radically changing our understanding of both **Emmanuel Levinas** Seán Hand, 2008-09-12 Best known for his theories of ethics and responsibility Emmanuel Levinas was one of the most profound and influential thinkers of the last century In this clear accessible guide Seán Hand examines why Levinas is increasingly fundamental to the study of literature and culture today Exploring the intellectual and social contexts of his work and the events that shaped it Hand considers the influence of phenomenology and Judaism on Levinas's thought key concepts such as the face the other ethical consciousness and responsibility Levinas's work on aesthetics the relationship of philosophy and religion in his writings the interaction of his work with historical discussions his often complex relationships with other theorists and theories Emmanuel Levinas's unique contribution to theory set an exemplary standard for all subsequent thought This outstanding guide to his work will prove invaluable to scholars and students across a wide range of disciplines from philosophy and literary criticism through to international relations and the creative arts **Ethics as First Philosophy** Adriaan Theodoor Peperzak, 1995 First

Published in 1996 Routledge is an imprint of Taylor Francis an informa company **Emmanuel Levinas and His Interlocutors** Hanoch Ben-Pazi, 2025-09-30 The philosophy of Emmanuel Levinas introduces a groundbreaking shift in ethical discourse by prioritizing the uniqueness of the Other Levinas redefines morality by emphasizing the existential precedence of the Other over the self challenging the self centered nature of modern individualism This book offers a fresh perspective on Levinas thought contextualizing his philosophy through his intellectual influences dialogues with contemporaries and imagined conversations with thinkers from both Eastern and Western traditions It provides a profound exploration of the interplay between Jewish thought and universal philosophy bridging particularistic commitments and global ethical perspectives Accessible yet deeply scholarly the book brings Levinas philosophy into broader social religious political and interpretative contexts making it an essential read for intellectual audiences **Difficult Justice** Asher Horowitz, Gad

Horowitz, 2006-01-01 In this volume editors Asher and Gad Horowitz bring together contributors from a variety of disciplines and backgrounds to explore how Levinas's work relates to a broad range of contemporary philosophical and political questions **Vigilant Memory** R. Clifton Spargo, 2006-09 Vigilant Memory focuses on the particular role of Emmanuel

Levinas's thought in reasserting the ethical parameters for poststructuralist criticism in the aftermath of the Holocaust More than simply situating Levinas's ethics within the larger context of his philosophy R Clifton Spargo offers a new explanation of its significance in relation to history In critical readings of the limits and also the heretofore untapped possibilities of Levinasian ethics Spargo explores the impact of the Holocaust on Levinas's various figures of injustice while examining the place of mourning the bad conscience the victim and the stranger neighbor as they appear in Levinas's work Ultimately

Spargo ranges beyond Levinas's explicit philosophical or implicit political positions to calculate the necessary function of the memory of injustice in our cultural and political discourses on the characteristics of a just society. In this original and magisterial study Spargo uses Levinas's work to approach our understanding of the suffering and death of others and in doing so reintroduces an essential ethical element to the reading of literature, culture and everyday life.

### **Levinas and the Torah**

Richard I. Sugarman, 2019-08-23 The French philosopher Emmanuel Levinas (1906-95) was one of the most original Jewish thinkers of the twentieth century. This book interprets the Hebrew Bible through the lens of Levinas's religious philosophy. Richard I. Sugarman examines the Pentateuch using a phenomenological approach, drawing on both Levinas's philosophical and Jewish writings. Sugarman puts Levinas in conversation with biblical commentators both classical and modern, including Rashi, Maimonides, Sforno, Hirsch and Soloveitchik. He particularly highlights Levinas's work on the Talmud and the Holocaust. Levinas's reading is situated against the background of a renewed understanding of such phenomena as covenant, promise, different modalities of time and justice. The volume is organized to reflect the fifty-four portions of the Torah read during the Jewish liturgical year. A preface provides an overview of Levinas's life, approach and place in contemporary Jewish thought. The reader emerges with a deeper understanding of both the Torah and the philosophy of a key Jewish thinker.

*In Proximity* Melvyn New, Robert Bernasconi, Richard A. Cohen, 2001 In a world in which everything is reduced to the play of signs detached from what is signified, Levinas asks a deceptively simple question: Whence then comes the urge to question injustice? By seeing the demand for justice for the other, the homeless, the destitute as a return to morality, Levinas escapes the suspect finality of any ideology. Levinas's question is one starting point for *In Proximity*, a collection of seventeen essays by scholars in eighteenth century literature, philosophy, history and religion and their readings of Spinoza, Kant, Goethe, Wordsworth, Behn, Defoe, Fielding, Sterne, Diderot, Laclos and Mendelssohn. The title *In Proximity* alone speaks volumes about Levinas's philosophy and its relevance today. If it is true that we are, through technology, moving closer and closer to one another, writes editor Melvyn New, then the importance of proximity and our response to it cannot be overstated. For the contributors to this volume, the question of whether we may ethically appropriate the object of study for our own causes has become vital. Levinas asks us to see ourselves, our own reading, in proximity to what is not ourselves, not our understanding of the world. The dialogue created among the essays themselves establishes an enormous diversity of texts and ideologies to which Levinas can contribute something of significant value. At a time when the secondary literature on Levinas and his work is expanding explosively, the cross disciplinary voices gathered together in *In Proximity* come at precisely the right time.

### **Levinas, Subjectivity, Education**

Anna Strhan, 2012-06-12 *Levinas, Subjectivity, Education* explores how the philosophical writings of Emmanuel Levinas lead us to reassess education and reveals the possibilities of a radical new understanding of ethical and political responsibility. Presents an original theoretical interpretation of Emmanuel Levinas that outlines the political significance of his work for contemporary debates on education. Offers a clear analysis of Levinas's

central philosophical concepts including the place of religion in his work demonstrating their relevance for educational theorists Examines Alain Badiou's critique of Levinas's work Considers the practical implications of Levinas theories for concrete educational practices and frameworks **Levinas and Education** Denise Egea-Kuehne,2008-04-02 This first book length collection on Levinas and education gathers new texts written especially for this volume by an international group of scholars well known for their work in philosophy educational theory and on Levinas It provides an introduction to some of Levinas's major themes of ethics justice hope hospitality forgiveness and more as its contributing authors address some fundamental educational issues such as what it means to be a teacher what it means to learn from a teacher the role of language in the curriculum literature ethics and education moral education and human relations in schools ethics of responsibility and philosophical pedagogical discourse educational hospitality and interculturalism unconditional responsibility and education educating for participatory democratic citizenship the pedagogy of peace logic rationality and ethics connecting teaching to spirituality Levinas always insisted that his aim was not to provide a program and accordingly it is not the intent of the authors to look in Levinas's texts for a set of guidelines rules or precepts to be applied to education Rather this study invites educators and researchers in philosophy and philosophy of education to a thoughtful and critical reading of Levinas and to engage with his unique style of analysis and questioning as they uncover with these authors the necessity and the possibility of thinking education anew in terms of ethics justice responsibility hope and faith *On Levinas* Peter Atterton,Matthew Calarco,2004-07-01 Save money with ON LEVINAS Presenting an overview of Levinas most lasting philosophical contributions this practical and affordable philosophy book will help you understand and identify key ideas

**An-Archy and Justice** William Paul Simmons,2003 *An Archy and Justice* reveals how Emmanuel Levinas thought moves from an archichal ethics based on the face of the Other to an embrace of the modern liberal state Author William Paul Simmons argues that by grounding the liberal state in this archical ethic Levinas philosophy provides a new foundation and new possibilities for key concepts of political thought such as natural rights freedom humanism and international relations **Lévinas and the Wisdom of Love** Corey Beals,2007 Distinguishing love from other types of wisdom Beals argues that Levinas's wisdom of love is a real possibility one which grants priority to ethics over ontology Richard A Cohen Isaac Swift Distinguished Professor of Judaic Studies University of North Carolina at Charlotte *Adieu to Emmanuel Levinas* Jacques Derrida,1999 This volume contains the speech given by Derrida at Emmanuel Levinas's funeral on December 27 1995 and his contribution to a colloquium organized to mark the first anniversary of Levinas's death In this book Derrida extends his work on Levinas in previously unexplored directions via a radical rereading of Totality and Infinity and the lesser known Talmudic writings **Levinas's Rhetorical Demand** Ronald C. Arnett,2017-03-15 This book provides an introduction to the importance of Levinas's work and an explication of the manner in which the practicality of his insights can assist ethical judgment within the human community **Levinas's Politics** Annabel Herzog,2020-03-13 A compelling account of

politics and social philosophy in Levinas's Talmudic commentaries Emmanuel Levinas 1906-1995 was a French philosopher known for his radical ethics and for his contribution to Jewish thought in his commentaries on Talmudic sources. In Levinas's *Politics* Annabel Herzog confronts a major difficulty in Levinas's philosophy: the relationship between ethics and politics. Levinas's ethics describes the encounter with the other that is with any other human being. For Levinas the face to face encounter is a relationship in which the ego is commanded by a transcendent and unquestionable order to take responsibility for the other person. Politics on the other hand presupposes at least three people: the ego, the other, and any third party. Among three people nothing can be transcendent; on the contrary, everything must be negotiated. Against the conventional view of Levinas's conception of the political as the interruption and collapse of the ethical, Herzog argues that in the Talmudic readings Levinas constructed politics positively. She shows that Levinas's Talmudic readings embody a pragmatism that complements, revises, and challenges the extreme ethical analyses he offers in his phenomenological works *Totality and Infinity*, *Otherwise than Being*, and *Of God Who Comes to Mind*. Her analysis illuminates Levinas's explanations of the relationship between ethics and politics: ethics is the foundation of justice; justice contains a necessary violence that must be moderated by mercy and justice; general laws and national aspirations must be linked in an attempt to improve universality itself.

*Levinas's Ethical Politics* Michael L. Morgan, 2016-05-09

Emmanuel Levinas conceives of our lives as fundamentally interpersonal and ethical: claiming that our responsibilities to one another should shape all of our actions. While many scholars believe that Levinas failed to develop a robust view of political ethics, Michael L. Morgan argues against understandings of Levinas's thought that find him politically wanting or even antipolitical. Morgan examines Levinas's ethical critique of the political as well as his Jewish writings, including those on Zionism and the founding of the Jewish state, which are controversial reflections of Levinas's political expression. Unlike others who dismiss Levinas as irrelevant or anarchical, Morgan is the first to give extensive treatment to Levinas as a serious social political thinker whose ethics must be understood in terms of its political implications. Morgan reveals Levinas's political commitments to liberalism and democracy as well as his revolutionary conception of human life as deeply interconnected on philosophical, political, and religious grounds.

*Man as a Place of God* Renée D.N. van Riessen, 2007-07-27

*Man as a Place of God* is an examination of Levinas's philosophy of religion in the light of his ethics and anthropology. It provides a lively introduction to the main themes of Levinas's thought and offers critical perspectives on Levinas by relating his work to that of Heidegger, Ricoeur, Rorty, Derrida, and Vattimo. The focus of interpretation is the hermeneutics of kenosis: the subject's ability to be open towards the other to the point where man can be seen as a place of God, a place where the infinite attains to finite existence. Does this mean that the kenotic subject totally disappears from the arena of his own life to reach out for a sublime existence that is no longer of this world as in the philosophy of Plato, Plotinus, and certain mystical thinkers? This book will argue the reverse: the kenotic sublimity developed by Levinas is in keeping with ethics and even with concrete acts of responsibility. Also, it refers to a

certain idea of God who comes into being in a kenotic way by giving himself in the ethical experience of man and woman regardless of their culture and religious beliefs **Altered Reading** Jill Robbins, 1999-05-15 How might the ethical philosophy of the renowned French thinker Emmanuel Levinas relate to literature Because his philosophy addresses the very opening of ethical experience it cannot be applied readily as a critical method to literary texts Yet Levinas's work studied as it is with literary sources and quotations demands a literary account With an attitude at once respectful and interrogative closely attentive to Levinas's texts while in dialogue with readings by Derrida Blanchot and Bataille Altered Reading shows how the thread of the literary leads directly to the internal tensions of Levinas's ethical discourse Jill Robbins provides a comprehensive critical account of Levinas's early and mature philosophy as well as later key transitional essays In an invaluable appendix she includes her own translation of an important previously untranslated essay by Bataille on Levinas Altered Reading will interest philosophers literary critics scholars of religion and others drawn to Levinas's work **Adieu to Emmanuel Levinas** Jacques Derrida, 2022 This volume contains the speech given by Derrida at Emmanuel Levinas's funeral on December 27 1995 and his contribution to a colloquium organized to mark the first anniversary of Levinas's death For both thinkers the word adieu names a fundamental characteristic of human being the salutation or benediction prior to all constative language in certain circumstances one can say adieu at the moment of meeting and that given at the moment of separation sometimes forever as at the moment of death it is also the a dieu for God or to God before and in any relation to the other In this book Derrida extends his work on Levinas in previously unexplored directions via a radical rereading of Totality and Infinity and other texts including the lesser known talmudic readings He argues that Levinas especially in Totality and Infinity bequeaths to us an immense treatise of hospitality a meditation on the welcome offered to the other The conjunction of an ethics of pure prescription with the idea of an infinite and absolute hospitality confronts us with the most pressing political juridical and institutional concerns of our time What then is an ethics and what is a politics of hospitality And what if it ever is would be a hospitality surpassing any ethics and any politics we know As always Derrida raises these questions in the most explicit of terms moving back and forth between philosophical argument and the political discussion of immigration laws peace the state of Israel xenophobia reminding us with every move that thinking is not a matter of neutralizing abstraction but a gesture of hospitality for what happens and still may happen

## Unveiling the Energy of Verbal Artistry: An Mental Sojourn through **On Levinas**

In a world inundated with monitors and the cacophony of immediate conversation, the profound energy and psychological resonance of verbal art usually diminish into obscurity, eclipsed by the regular assault of sound and distractions.
