*The Rising* It's not to dominate you It's to change societal structures that benefit you and to change societal structures that benefit nature There are ways that are very advanced for a society to coexist but they are reorientations of your sense of Self because they involve consciousness technology The Elder Get ready for a Grey alien presence on planet Earth This is not a story for the faint of heart The threat to Earth isn't aliens it's humans Jeff Selver MBA did not think of himself as an alien and UFO guy He was a financial advisor for a bank and worked in sales Yet a bizarre and unexplainable traumatic event which occurred to him in his young adult years came back to haunt him When he began investigating its cause the same lights in the sky associated with the bizarre event from his past appeared just as they did twenty years prior At this point he knew the experience was associated with an otherworldly presence Suddenly at the age of 41 screen memories came to light and broken memories of unbelievable alien contact events began opening up He would learn the details of this traumatic event that happened as a young adult matched what is now understood as a genetic activation Understanding its origins opened a lifetime of obscured memories of alien contact He then proved to himself that his memories were real by having knowledge about places in nature he had never been and corroboration which continues to this day of unique similarities between his contact events and so many other contactees some details too specific to have been made up by his mind He then began piecing together his story and his involvement with Grey aliens Armed with a unique ability to recall his obscured memories in detail in part facilitated by the genetic activation passing a lie detector test and videos of UFOs flying outside his apartment while he wrote his book which can be seen on his website [www.jeffselver.com](http://www.jeffselver.com) Jeff tells his story In December of 1997 Jeff experienced the Rising which was an agreement with Grey aliens to discover his soul It was an intense consciousness raising event coupled with a genetic activation The Rising required him to take a leap of faith sell all his possessions and begin a life traveling from place to place What unfolds is truly an epic adventure of removal from society chance meetings with people and living close to nature all while having contact events with Grey aliens

without his knowing This is Into the Wild the alien contact version complete with paranormal events encounters with strange objects in the sky and with beings from beyond In summary it is 26 contact events with Grey aliens told in amazing detail and spread out from the years 1993 to 2017 It s a story that purposely highlights and explores the complex nature of the Greys including the biological abductions the high consciousness experiences their advanced consciousness technology their ability to see the future their love for genetics and making bodies the merging of human and Grey DNA the Federation of Planets and multiple species and plethora of bases on Earth in space and on other planets within the solar system Fundamentally Jeff was shown that what humans understand about spirituality life after death dimensions God the soul and psychic powers are just the beginning of what these beings are all about And that their capacity understanding and utilization of these is much greater than humans can imagine Jeff s story shows that the only way we will ever be able to understand the Greys is to understand the power of our own personal spiritual potential To assist with this they gave him a manual of high spirituality addressed to humans he calls the Mystic Book But by the end the message from them becomes clear we need to get ready for a Grey alien presence on our planet

**The Goofies Tear Down Their House** Amishi Seth,2016-12-17 The crazy adventures of a madcap family The ever in a hurry Goofies need to renovate their house And of course the only one who agrees to take up the job is none but the slowest handyman around town Mr Workslow But he s yet to arrive and the Goofies can t wait to get started So after much heaving out come all their worldly goods in a battered and mangled heap of wood cloth metal plastic glass err yeah they re definitely going to need new furniture And unknown to the nutty family stashed in their dump yard from hell is the extravagant loot of Petersville s unwelcome visitors a gang of hapless thieves Yeah they are going to need some reinforcements too if they hope to bumble their way out of this mess

**Mars Station Mission. 4244-4248 AD. Archeologist Nemesis.** Gregory Alan McKown, Welcome to the future Here is a story that started with the time of Noah and is what could not be discerned except by archeologist uncovering the ancient story It is not told as such because the various religious communities would not allow the TRUTH TO BE TOLD This goes into past generations and surpasses even our own generation into the future and we all stand in the shadow of history ignorant of the reality when the truth of evidence is staring you straight in the face It is an ancient society that has the patience to live in a distance from mankind while the story of our own identity becomes a struggle listed in my other work with the outcome waiting for the revealing of alien life that was our progenitors on Earth The surprising revelation of this story that is yet to be fulfilled could just as well be the prophecy of Nostradamus explained before the events are to happen in time This is assumed to be a fiction that is not a fiction when considering it is the only possible alternative history to the past and has implications as prophecy verses written actually speaking of these events to occur in the future for mankind Our very survival as a planet of life may depend on our understanding this possibility The

story of humanity from another aspect of unexplained evidence that has romance adventure tragedy drama of human endurance intrigue discovery conflict and the uncertainty of battle from the aspect of Presidential command Based on Nostradamus prophecy for verses that will not be presented as used Gregory Alan McKown     **Planes of Existence** Kyle Lance Proudfoot,2013 Planes Of Existence is a Science Fiction Fantasy Novel with a good dosage of Humor and Horror which I Kyle Lance Proudfoot have written It combines the best elements of both science fiction and fantasy and is hyper modern and futuristic taking place on far distant planets in the Universe Leading from The Black Dungeon Doorway which is published by AuthorHouse UK it expands upon Character Classes introduced in The Free Show giving life to their profiles There is great adventure plenty of magic and technological devices and absolutely phenomenal battles There is also a strong portrayal of the theme of Light and Shadow I maintain my highly descriptive and exciting style of writing Planes Of Existence is Part 2 the sequel of The Black Dungeon Doorway This will give me time to promote and try to make a bestseller of The Black Dungeon Doorway which is already published by AuthorHouse UK There is also a Free Draft Promo of it My plan is to write a trilogy the third title is The Door Of Light or Door Of Light and is a progression towards the Light and Good which is standard in all stories and most Hollywood plot lines     **Alien Worlds** David A. Vakoch,2013-09-14 Extraterrestrial Altruism examines a basic assumption of the Search for Extraterrestrial Intelligence SETI that extraterrestrials will be transmitting messages to us for our benefit This question of whether extraterrestrials will be altruistic has become increasingly important in recent years as SETI scientists have begun contemplating transmissions from Earth to make contact Technological civilizations that transmit signals for the benefit of others but with no immediate gain for themselves certainly seem to be altruistic But does this make biological sense Should we expect altruism to evolve throughout the cosmos or is this only wishful thinking Is it dangerous to send messages to other worlds as Stephen Hawking has suggested or might humankind benefit from an exchange with intelligence elsewhere in the galaxy Would extraterrestrial societies be based on different ethical principles or would we see commonalities with Earthly notions of morality Extraterrestrial Altruism explores these and related questions about the motivations of civilizations beyond Earth providing new insights that are critical for SETI Chapters are authored by leading scholars from diverse disciplines anthropology astronomy biology chemistry computer science cosmology engineering history of science law philosophy psychology public policy and sociology The book is carefully edited by Douglas Vakoch Director of Interstellar Message Composition at the SETI Institute and professor of clinical psychology at the California Institute of Integral Studies The Foreword is by Frank Drake This interdisciplinary book will benefit everybody trying to understand whether evolution and ethics are unique to Earth or whether they are built into the fabric of the universe     **Learn Android App Development** Wallace Jackson,2013-08-20
