spirit to live each performance moment in the moment These days actors jump from class to class and coach to coach trying to get a grasp on their own way of acting their own style The sad truth is that this very rarely happens because they have no single underlying understanding of the processes at work in human interaction no mental framework upon which to hang their experiences They go from one isolated idea to the next no links no cohesion no plan Focus On Acting fills this much needed gap in modern acting study takes the guess work out of your technique and puts you in control
