On Emerald Downs:

The Road to Emerald Downs David B. Long, 2019-12-22 Ben Grove's dad told him that his dream was foolish. Don't fill your life with go nowhere jobs, he said. A year and a half after his parents die in a boating accident on the Strait of Juan de Fuca, Ben still dreams of becoming a horse jockey. When quick thinking and heroic action during a tragedy lead to the opportunity of a lifetime, Ben must overcome emotional barriers and quit his job to pursue an unsure thing. With the support of his girlfriend Val and friends Bo and Mariel, he accepts the challenge. Ben, a black Thoroughbred Colt named Rowdy, soon finds themselves competing against champion horses and expert riders. Confronted by Val's jealous ex-boyfriend Jaime, a jockey who will do anything to stand in his way, Ben is forced to step up his game. But when it looks like he's making it on the track, Ben's hopes are devastated. He and Rowdy must risk it all if they're going to reach the top echelon of horse racing in the Pacific Northwest. Together, they must travel down the exhilarating path that will take them there. *The Road to Emerald Downs*

On Emerald Downs Patricia Shaw, 2002 [Handicapping for Better Or Worse](#) John Lindley, 2004 This better's guide to handicapping racehorses teaches horse players how to use all the available information to form their own system. Explains the advantages and drawbacks in current popular handicapping methods. [Journal of Expedition in search of Burke and Wills](#) Frederick Walker, 2021-11-09 In *Journal of Expedition in Search of Burke and Wills* Frederick Walker provides a meticulously detailed account of the ambitious expedition initiated to locate the ill-fated explorers Robert O'Hara Burke and William John Wills who vanished during their historic trek across Australia. The narrative is rich with evocative prose illustrating the harsh landscapes and emotional turmoils faced by the expedition members. Walker's literary style combines a vivid descriptive approach with reflective commentary situating the journal within the wider context of 19th-century exploration literature where themes of heroism, survival, and the unforgiving nature of the Australian outback take center stage. Frederick Walker was not only a participant in the expedition but also an astute observer of human resilience in the face of adversity. His background as a pastoralist and familiarity with the Australian environment likely informed his ability to artfully convey the challenges of navigating both the physical landscape and interpersonal dynamics within the group. Walker's personal experiences imbue the narrative with authenticity, revealing the emotional stakes attached to the search for his fellow explorers. This journal is an essential read for history aficionados and literary scholars alike as it offers an unparalleled glimpse into an era marked by courage and unfortunate misadventure. It serves not simply as an adventure tale but also as a poignant reflection on the limits of exploration and the indomitable spirit of those who dare to chart the unknown. *The Journal of the Royal Geographical Society of London* Royal Geographical Society (Great Britain), 1863 Includes list of members.
