Kyrai E. Antares, 2023-06-21 Transracial Adoption Identity and Racism in the United States Between Two Worlds places racial literacy and anti racism at the center of the transracial adoption debate The author argues that transracial adoption stems from systemic issues of racial injustice and that those problems will not be solved quickly for they are still being realized While the work to raise awareness of and correct the disproportionate number of Black children in foster care is done transracial adoption will continue to occur In the meantime the author suggests an intentional examination of the narratives of Black transracial adoptees experiences of race to learn about the racial socialization in transracial adoptive households during childhood teen years and into adulthood Adoptees share what they learned about race in White families what they needed in terms of racial socialization that they didn t get the myriad feelings they have toward their families and how they make sense of race in their lives as young adults in the United States The stories told by adoptees in this book are centered to inspire a change in how transracial adoption is approached by White parents adoption professionals social workers researchers and counseling psychologists *Psychobiographical Illustrations on Meaning and Identity in Sociocultural Contexts*
