## On Nationality:

*On Nationality* David Miller, 1995 Nationalism is a dominating force in contemporary politics but political philosophers have been reluctant to discuss ideas of nationalism In this book David Miller defends the principle of nationality Mill on Nationality Georgios Varouxakis, 2013-02-01 John Stuart Mill's thought has been central in recent as well as older works of political theory discussing the relationship between liberal democratic politics and nationality or nationalism which is far from surprising given his undisputed influence on liberal attitudes towards nationality from the 1860s to the present This book provides the first thorough critical study of the attitude of this pillar of the liberal tradition towards nationality nationhood patriotism cosmopolitanism intervention non intervention and international politics more generally Based on exhaustive research in a great range of writings by Mill as well as by his contemporaries and later students it establishes for the first time clearly and subtly where exactly Mill stood with regard to nationhood nationalism patriotism cosmopolitanism national self determination intervention non intervention and other important issues in international ethics It thus exposes and challenges all sorts of misconceptions half truths or myths surrounding Mill's views on and attitude towards nationality and related issues in a vast literature from the mid nineteenth to the beginning of the twenty first century At the same time it offers a timely contribution to contemporary debates among political theorists on the relationship between liberal democratic values and nationalism patriotism and cosmopolitanism not least through its articulation of a distinct sense in which patriotism and cosmopolitanism can be compatible and mutually reinforcing based on Varouxakis's interpretation of Mill's thought on this question The reader will find critical discussions of the pronouncements on some of the issues examined or on Mill's contributions to them of some of the most important late twentieth century political theorists as well as of contemporaries or near contemporaries of Mill *The Human Rights of Aliens Under International and Comparative Law* Carmen Tiburcio, 2001-01-01 This volume deals with the basic human rights of aliens from the perspective of international and comparative law It examines the rules regarding treatment of aliens and the extent to which these rules have been adopted in the domestic legislation of more than 40 different states It aims to achieve two basic goals 1 to define the status of aliens under international law that is which rights are granted to every person by international instruments and 2 to establish whether this set of rules has been adopted by the domestic legislation of the states under review The author classifies the basic human rights of aliens into seven different categories namely 1 fundamental rights 2 private rights 3 social and cultural rights 4 economic rights 5 political rights 6 public rights and 7 procedural rights For each of these categories she reviews opinions of international legal commentators decisions of international and regional tribunals as well as national legislation domestic court decisions and opinions of local authorities *On Nationality* David Miller, 1995 **The Effect of Changes of Sovereignty on Nationality** Luella Gettys, 1926 Queering Multiculturalism Aret Karademir, 2018-09-15 *Queering Multiculturalism* argues for group specific rights for ethno cultural minorities but without ignoring that such rights may lead

to ethnic chauvinism balkanization and the cultural marginalization of minorities within minorities such as ethnic LGBT people Thus it aims to construct a liberal theory of minority rights to accommodate ethno cultural diversity without destroying ethno sexual diversity and without privileging one type of minority group over another      **Documents** Council of Europe: Parliamentary Assembly, 2006-11-08      **Schreuer's Commentary on the ICSID Convention** Stephan W. Schill, Loretta Malintoppi, August Reinisch, Christoph H. Schreuer, Anthony Sinclair, 2022-09-14 This unique compendium offers an article by article commentary on the Convention on the Settlement of Investment Disputes between States and Nationals of Other States Providing a comprehensive explanation of the functioning of this important mechanism for the settlement of investor State disputes it incorporates the preparatory work the Convention s text various rules and regulations adopted under the Convention the practice of arbitral tribunals under the Convention and academic writings on the subject The first and second editions of this Commentary have been relied upon by numerous arbitral tribunals This third edition follows the same system and approach but extensive updates and revisions reflect the vast increase in arbitral practice since the publication of the second edition A number of novel issues that have emerged through this practice are now addressed making this practice oriented guide an indispensable tool for anyone dealing with the ICSID Convention Likewise the number of contributors to and editors of the third edition has increased      **Research Handbook on European Anti-Discrimination Law** Colm O'Connell, Julie Ringelheim, Iyiola Solanke, 2025-10-07 This Research Handbook provides a comprehensive overview of European anti discrimination law outlining developments in EU ECHR international and national law It engages in critical assessment of both legal doctrine and social impact analysing emerging trends in anti discrimination legislation It also explores the effectiveness of civil enforcement measures as well as exploring case law relating to environmental discrimination and economic inequalities      **Committee of Experts for the Progressive Codification of International Law** League of Nations, 1927      **The UN Convention on the Elimination of All Forms of Discrimination Against Women** Marsha A. Freeman, Beate Rudolf, Christine Chinkin, 2012-01-26 This is the first commentary on the Convention on the Elimination of All Forms of Discrimination Against Women CEDAW analyzing the Convention article by article Each chapter provides an overview of an article s negotiating history interpretation and all the relevant case law including decisions and recommendations by the CEDAW Committee      *Equal Rights* , 1930      **Outlook** , 1929      Essential Texts on European and International Asylum and Migration Law And Policy Gert Vermeulen, Ellen Desmet, 2017-12-04 This volume comprises the relevant legal instruments and principal policy documents in the area of international and European asylum and migration including the latest versions of pending legislative proposals The range of issues covered is comprehensive human rights nationality and statelessness equal treatment non discrimination racism and xenophobia citizenship residence and free movement borders border management and entry visa and passenger data labour migration family reunification asylum subsidiary and temporary protection irregular migration and trafficking in human

beings The texts have been ordered according to the multilateral co operation level within which they were drawn up either the United Nations the Council of Europe or the European Union including Schengen level instruments This edition provides practitioners authorities policy makers scholars and students throughout Europe with an accurate up to date and forward looking compilation of essential texts on asylum and migration matters
