\$8333 Monica Leonelle, 2025-01-21 Monica Leonelle and Russell Nohelty have written millions and millions of words about authorship in our combined 25 years doing it. Between our blogs, our 40 books, and our hundreds of talks, interviews, and podcast episodes, admittedly, it's a little intimidating. *8333* is our attempt to take everything we've ever thought or written and combining it into one book filled with the most powerful and impactful things we've ever written. If you want to read one book that fully captures the best nuggets from our catalog, this is the book. Think of it as a greatest hits album of our best ideas together for the first time in one place. *8333: 12 Concepts to Six Figures* is not just another book on writing; it's a complete actionable roadmap designed to transform your author career in the next 12 months. Created by bestselling authors Monica Leonelle and Russell Nohelty, this book condenses their most powerful, proven strategies into 12 bite-sized concepts that can each unlock a path to six-figure success. Whether you're struggling to find your audience, overwhelmed by marketing, or ready to scale your revenue, this book offers the tools and insights you need to achieve tangible results quickly. Packed with real-world advice, actionable frameworks, and the step-by-step guidance you need, *8333: 12 Concepts to Six Figures* is your go-to guide for building a thriving, sustainable author business. Each chapter dives into a specific strategy that's been tested and perfected, ensuring that no matter where you are on your journey, there's a concept that can help you make meaningful progress. Get ready to leave behind the guesswork and start making strategic, impactful moves that lead directly to your goals. Imagine this: twelve game-changing strategies, each with the potential to make you 100,000 a year. These aren't pie-in-the-sky theories; they're battle-tested, no-fluff tactics designed to take you from struggling to scaling. Whether you're stuck in a writing rut, overwhelmed by marketing, or just ready to step up and claim your place as a successful author, this book is your launchpad. *The Digital Future of English* Simone Murray, 2025-07-18 More than any other academic discipline, literary

studies is the creation of print culture How then can it thrive in the digital era Early 1990s predictions of the book s imminent demise presented a simplistic either or choice between the legacy of moribund print and triumphalist digital technology Yet we have grown to experience the two media as complexly interdependent and even complementary Clearly digital does not kill print But literary studies in the digital era cannot simply resume business as usual It is urgently necessary to reconsider the discipline s founding assumptions in light of digital technology The digital era prompts a rethinking of literary studies object of study as well as its methods theories audiences and pedagogical practices What counts as literature necessarily shifts in an age of proliferating born digital texts and do it yourself DIY online publication Where should literary studies sit institutionally and how might it graft contextually oriented social sciences methods onto its traditionally humanistic mode of textual analysis Why should literary study continue to marginalize emotional responses to texts when online communities bond via readerly affect Who is the audience for literary criticism in an age where expertise is routinely challenged yet communication with global book loving publics has never been technologically easier Finally how can we utilize digital tools to rejuvenate literary studies pedagogy and help English staff better connect with millennial age students Literary studies has been convulsed for decades by debates over electronic literature and more recently digitally aided distant reading But these discussions still mostly confine themselves to demarcating our proper object of study We need to think more expansively about digital technology s impact on the underpinning tenets of the discipline Literary Media Studies is pitched at fellow literary scholars book historians media theorists cultural sociologists digital humanists and those working at the interface of these converging disciplines It models constructive engagement with contemporary digital culture Most importantly it brings a burst of sorely needed optimism to the question of literary studies digital future
