# Managing Without Leadership

**Andrew Dolloff**

## **Managing Without Leadership:**

**Managing without Leadership** Gabriele Lakomski, 2004-12-15 Argues that leadership as traditionally understood does not explain organizational functioning Drawing on coherentist epistemology connectionism and the theory of self organizing dynamic systems a naturalistic account of organizational functioning is explored that includes leaders as non privileged agents in the fabric of organizational life

Managers Not MBAs Henry Mintzberg, 2005-06-02 In this sweeping critique of how managers are educated and how as a consequence management is practiced Henry Mintzberg offers thoughtful and controversial ideas for reforming both The MBA trains the wrong people in the wrong ways with the wrong consequences Mintzberg writes Using the classroom to help develop people already practicing management is a fine idea but pretending to create managers out of people who have never managed is a sham Leaders cannot be created in a classroom They arise in context But people who already practice management can significantly improve their effectiveness given the opportunity to learn thoughtfully from their own experience Mintzberg calls for a more engaging approach to managing and a more reflective approach to management education He also outlines how business schools can become true schools of management

*Debating Leaderless Management* Frederik Hertel, Anders Örtengren, Kenneth Mølberg Jørgensen, 2022-12-16 Management research has traditionally assumed that leaders play an essential role in both public and private organizations and are required for a business to run smoothly However more recently a vein of critical research has claimed that leaders can do more harm than good creating confusion and putting their reputation before production and employee wellbeing This book asks the question what would happen if there were no leaders Would employees be better off without formal or informal leaders And even if such a utopia were desirable would it be realizable in practice

*New Theory on Leadership Management Science* Bingxin Wu, 2013 Summary New Theory on Leadership Management Science uses multidisciplinary systems to comprehensively study leadership management From philosophical sociological cultural historical management and marketing perspectives it studies leadership management during the process of combining theory and practice from the beginnings of human consumption including household consumption and financing and national macroscopic control and management In terms of methodology the book follows fundamental philosophical economic sociological and management principles The book mainly uses the methods of social statistics documentary comparison probability sampling case studies interviews and computer analysis etc Therefore in terms of both basic theory and methodology the book is not only an economic work but involves multiple disciplines Key Features Links leadership and management which refers to the transformation of the classical Chinese leadership management school of thought and advances it as a leading management school of thought comprehensive and systematic advancement of leadership management practice strategy including national practice development strategy and corporate practice development strategy proposes that the core of leadership management philosophy is epistemology and methodology emphasizes that
