experiences in war torn Manchuria and her homecoming to Japan where she had never been just as Japan is engaged in its own cultural upheaval , *Manshū no isan* 満洲の遺産,2003 **Atheist Secularism and its Discontents** T. Ngo,J. Quijada,2015-07-14 Atheist Secularism and Its Discontents takes a comparative approach to understanding religion under communism arguing that communism was integral to the global experience of secularism Bringing together leading researchers whose work spans the Eurasian continent it shows that appropriating religion was central to Communist political practices **Settler Colonialism in the Twentieth Century** Caroline Elkins,Susan Pedersen,2012-11-12 Postcolonial states and metropolitan societies still grapple today with the divisive and difficult legacies unleashed by settler colonialism Whether they were settled for trade or geopolitical reasons these settler communities had in common their shaping of landholding laws and race relations in colonies throughout the world By looking at the detail of settlements in the twentieth century from European colonial projects in Africa and expansionist efforts by the Japanese in Korea and Manchuria to the Germans in Poland and the historical trajectories of Israel Palestine and South Africa and analyzing the dynamics set in motion by these settlers the contributors to this volume establish points of comparison to offer a new framework for understanding the character and fate of twentieth century empires *North Korea* Heonik Kwon,Byung-Ho Chung,2012-03-12 This timely pathbreaking study of North Korea s political history and culture sheds invaluable light on the country s unique leadership continuity and succession Leading scholars Heonik Kwon and Byung Ho Chung begin by tracing Kim Il Sung s rise to power during the Cold War They show how his successor his eldest son Kim Jong Il sponsored the production of revolutionary art to unleash a public political culture that would consolidate Kim s charismatic power and his own hereditary authority The result was the birth of a powerful modern theater state that sustains North Korean leaders sovereignty now to a third generation In defiance of the instability to which so many revolutionary states eventually succumb the durability of charismatic politics in North Korea defines its exceptional place in modern history Kwon and Chung make an innovative contribution to comparative socialism and postsocialism as well as to the anthropology of the state Their pioneering work is essential for all readers interested in understanding North Korea s past and future the destiny of charismatic power in modern politics the role of art in enabling this power [Begin Here](#) Rocio G. Davis,2007-01-31 An analytically innovative work Begin Here widens the current critical focus of Asian North American literary studies by proposing an integrated thematic and narratological approach to the practice of autobiography It demonstrates how Asian North American memoirs of childhood challenge the construction and performative potential of national experiences This understanding influences theoretical approaches to ethnic life writing expanding the boundaries of traditional autobiography by negotiating narrative techniques and genre and raising complex questions about self representation and the construction of cultural memory By examining the artistic project of some fifty Asian North American writers who deploy their childhood narratives in the representation of the individual processes of self identification and negotiation of cultural and national

affiliation this work provides a comprehensive overview of Asian North American autobiographies of childhood published over the last century. Importantly, it also attends to new ways of writing autobiographies employing comics, blending verse, prose, diaries, and life writing for children, and using relational approaches to self-identification among others. *The Quarterly Review*, 1922. Journal of the Royal Central Asian Society, Royal Central Asian Society, 1923. **Japanese Women Fiction Writers**, Carol Fairbanks, 2002-04-26. This study provides annotations for three hundred translated works of fiction by 97 Japanese women writers from the 1890s to the 1990s. Also included are 600 annotations of articles, books, and reviews that cover biographical and critical materials and a 100-page glossary. *Stolen Dreams*, Julie Sormark, 2019. Vladislav Kowalski was relentless in his pursuit of establishing a timber business in Harbin, Manchuria. Vol. 34 includes Special tariff conference issue, Nov. 6, 1925. *Choice*, 2000. **Remote Homeland, Recovered Borderland**, Shao Dan, 2011-08-31. *Remote Homeland, Recovered Borderland* addresses a long-ignored issue in the existing studies of community construction: How does the past failure of an ethnic people to maintain sovereignty over their homeland influence their contemporary reconfigurations of ethnic and national identities? To answer this question, Shao Dan focuses on the Manchus, the second largest non-Han group in contemporary China, whose cultural and historical ancestors the Manchus ruled China from 1644 to 1912. Based on deep and rigorous empirical research, Shao analyzes the major forces responsible for the transformation of Manchu identity from the ruling group of the Qing empire to the minority of minorities in China today: the de-territorialization and provincialization of Manchuria in the late Qing; the remaking of national borders and ethnic boundaries during the Sino-Japanese contestation over Manchuria; and the power of the state to re-categorize borderland populations and ascribe ethnic identity in post-Qing republican states. Within the first half of the twentieth century, four regimes—the Qing empire, the Manchu royal clan, the Republic of China under the Nationalist Party, Manchukuo under the Japanese Kanto Army, and the People's Republic of China under the Communist Party—each grouped the Manchus into different ethnic and national categories while re-positioning Manchuria itself on their political maps in accordance with their differing definitions of statehood. During periods of state succession, Manchuria was transformed from the Manchu homeland in the Qing dynasty to an East Asian borderland in the early twentieth century, before becoming China's territory recovered from the Japanese empire. As the transformation of territoriality took place, the hard boundaries of the Manchu community were reconfigured; its ways of self-identification reformed; and the space for its identity representations redefined. Taking the borderland approach, *Remote Homeland* goes beyond the single-country focus and looks instead at regional and cross-border perspectives. It is a study of China, but one that transcends traditional historiographies. As such, it will be of interest to scholars of modern China, Japanese empire, and Northeast Asian history, as well as to those engaged in the study of borderlands and ethnic identity.

nationalism and imperialism **China Monthly Review** ,1922 **The Chinese** John Stuart Thomson,1909 *Soldiers Alive* Ishikawa Tatsuzo,2003

When the editors of Ch k ron Japan s leading liberal magazine sent the prizewinning young novelist Ishikawa Tatsuzo to war ravaged China in early 1938 they knew the independent minded writer would produce a work wholly different from the lyrical and sanitized war reports then in circulation They could not predict however that Ishikawa would write an unsettling novella so grimly realistic it would promptly be banned and lead to the author s conviction on charges of disturbing peace and order Decades later *Soldiers Alive* remains a deeply disturbing and eye opening account of the Japanese march on Nanking and its aftermath In its unforgettable depiction of an ostensibly altruistic war s devastating effects on the soldiers who fought it and the civilians they presumed to liberate Ishikawa s work retains its power to shock inform and provoke
