Mandarin Oriental Mchugh Fionnuala,2016-02 In 1985 the iconic Mandarin Hotel in Hong Kong and the elegant Oriental in Bangkok joined together to form the Mandarin Oriental Hotel Group This marriage between two titans of the East gave rise to one of the most iconic names in international luxury Assouline s Mandarin Oriental celebrates its brilliant legacy with a slipcase edition that shares the group s rich history with archival photographs from the original hotels and sumptuous details of the most recent additions to the collection making it a must for any fan of travel and luxury For each Mandarin Oriental hotel there is a fan Classically simple visually elegant and indisputably part of the orient the fan logo was born in the mid 1980s when Mandarin Oriental Hotel Group launched on the Hong Kong Stock Exchange Today each hotel has a unique fan which reflects the individuality of the property and the culture of its location from Guangzhou and New York s original fans designed by acclaimed fashion designer Vivienne Tam to Taipei and Geneva s 19th century antiques Mandarin Oriental s Fans including Grammy Award winning opera singer Cecilia Bartoli Academy Award winning actor Kevin Spacey renowned architect I M Pei heads of state and world travelers cherish the impeccable service innovative and refined cuisine elegant design opulent spas and welcoming smiles that greet them each time they visit Tradition and innovation fuse seamlessly in each hotel where luxury meets comfort From Tokyo to New York to London each hotel offers a unique expression of the Mandarin Oriental spirit   **Style-shifting in Public** Juan Manuel Hernández Campoy,Juan Antonio Cutillas-Espinosa,2012 Language acts are acts of identity and linguistic variation reflects the multifaceted construction of verbal alternatives for transmitting social meaning where style shifting represents our ability to take up different social positions due to its potential for linguistic performance rhetorical stance taking and identity projection Traditional variationist conceptualizations of style shifting as a primarily responsive phenomenon seem unable to account for all stylistic choices In contrast more recent formulations see stylistic variation as initiative creative and strategic in personal and interpersonal identity construction and projection making a significant contribution to our understanding of this aspect of sociolinguistic variation In this volume social constructivist approaches to style shifting are further developed by bringing together research which suggests that people make stylistic choices aimed at conveying and achieving a particular social categorization sociolinguistic meaning and or to project a specific positioning in society Therefore there is a need we collectively argue to adopt permeable and flexible multidimensional multidisciplinary and interdisciplinary approaches to speaker agency that take into consideration not only reactive but also proactive motivations for stylistic variation and where individuals rather than groups and their strategies are the main focus when examining style shifting in public This book will be of interest to advanced students and academics in the areas of sociolinguistics dialectology social psychology anthropology and sociology   Atlas of the World's Languages R.E.
