Manifesto for America Andrew S. Dula, Sr.,1985-08 **We the Who?** Brett H. Lewis,2013-11-21 America was formed based on a vision of democracy where supreme power is supposed to be vested in the people In *We the Who* author Brett H Lewis asks if Americans are losing sight of who we the people are and more importantly who we need to be in order to regain our collective identity and ensure Americas continued growth and greatness *We the Who* presents a collection of essays and opinions that probe into the nuts and bolts of current issues facing America today Lewis tackles the subjects of classism racism justice politics the military and the economy Through these discussions he encourages the American populace to be alert and aware to ensure that government of the people by the people and for the people continues to be at the forefront of todays America Drawing from history logic social inclinations religious beliefs and personal experiences *We the Who* seeks to inform the public and to encourage them to ask questions express opinions and hold elected leaders accountable It communicates the necessity to be informed in order to make quality decisions about our lives *The American Federationist* ,1921 Includes separately paged Junior union section *Socialism in America* John L. Bowman,2004 In 1835 Alexis de Tocqueville predicted a species of oppression with which democratic nations are menaced unlike anything which ever before existed in the world It was a despotism that would be more extensive and would degrade men without tormenting them It would be a force that compresses enervates extinguishes and stupefies a people til each is reduced to be nothing better than a flock of timid animals of which the government is the shepherd Tocqueville was predicting socialism in America a new form of oppression that did not exist in his time He could not name it at the time because the word socialism had not yet appeared in the English language and Karl Marx had not yet published his Communist Manifesto America has become a socialist state and *Socialism in America* is about what socialism is doing to America today Socialism is an oppression that has caused America to discard the rule of law forsake justice limit freedom attenuate individuality create dependence degrade social norms attack sources of wealth and divide the culture This form of despotic totalitarianism has irreversibly commenced the destruction of American culture and nation *Socialism in America* offers the reader the perspective of how and why this is happening It explains the history of socialism and in particular the history of socialism in America It discusses the roles of socialism s foremost vectors which are primarily the unions and Democratic Party It critically dissects the philosophy of socialism itself and examines other countries struggles to survive under the heavy socialist boot Every freedom loving American should read *Socialism in America* *American Federationist* ,1905 **America's Battle for Cuba's Freedom** Gonzalo de Quesada, Henry Davenport Northrop,1898 *The Change Manifesto* John Whitehead,2008-09-01 *The Change Manifesto* is a street by street town by town guide to making an America that works Our nation has the potential to be an example of freedom and justice to the world and each of us has the ability to have tremendous impact In this stirring call to arms John Whitehead tells the stories of the local heroes who stood up to a cynical government and who are creating thriving

communities of change We are on the cusp of a new era of progress but we can't sit back and hope our elected officials will carry us there We can join the people taking action at the local level like the residents of a town in Oregon who protested unfair bills by paying in pennies chickens and the shirts off their back And we can follow the examples of the national heroes who are fighting for change and demanding accountability from our elected officials at the highest levels If we refuse to listen to the cynics we can join these everyday Americans young and old and harness our greatest resource ourselves
