Manolo Valdés,Antonio Lucas,2011 From May 2010 to January 2011 the Marlborough Gallery displayed a set of sixteen
monumental sculptures by Manolo Vald s on the section that goes from 166th street in Broadway to Columbus Circle These
sculptures acted as beacons of the singular iconography of the Valencian artist They were all made in New York the city
where he lived for more than twenty years This is the first time a Spanish creative artist has taken up such a vast space in the

complex urban area of Manhattan During the nine months that the works were shown they became referents integrated into the changing landscape where each one of them was carefully exhibited on sidewalks and boulevards in parks and subway entrances Around them the routine of the neighborhoods followed its course from the unhurried peace of the Dominican Harlem to the acceleration of the Lincoln Center The result was an experience which confirms that art can become an inseparable part of the pulse of life

Manolo Valdés - in Glass Manolo Valdés, Kosme de Barañano, 2022-08-16 For over half a century Valencia born New York based Manolo Valdés has been a prominent international figure in the arena of contemporary art known for his work in the mediums of sculpture painting drawing and collage In this striking and imposing publication designed in close dialogue with the artist by Peter B Willberg and produced in Italy Valdés presents a body of thirty five sculptures created in 2020 and 2021 Along with wood alabaster aluminum steel and resin the primary medium employed in this body of work is glass following a significant and intense period of research and experimentation The resulting works are engaging contemporary portrait busts that make reference to the history of modernist painting and sculpture taking inspiration from imagery and objects by twentieth century masters such as Pablo Picasso Henri Matisse and Constantin Brancusi Developing his recipes for their fabrication materials processes conditions and timings with both care and flair Valdés has created sculptural glass busts in a range of amber oranges ruby reds emerald greens sapphire blues and onyx blacks all of which almost seem to glow with what Dr Kosme de Barañano the book's author describes as an inner light Barañano's comprehensive and illuminating essay not only investigates aspects of the history of glass making and its use as a material by artists past and present but also traces the evolution of the language and forms of Valdés's glass and mixed media works across a number of key exhibitions and bodies of work over the course of the past two decades These include his monumental sculptures at the New York Botanical Garden in 2012 and his dramatic solo presentation in the Place Vendôme in Paris in 2016 both of which offered opportunities to see the artist's large scale sculptural works in outdoor settings

Discussing the significance of Cabezas heads in his oeuvre Barañano asserts These glass Cabezas are tremendously somber and simple works from which emanates a profound silence This large format publication which is illustrated by specially commissioned photography by Tom Powel documents many of the sculptures from different angles and by means of details revealing not only the subtleties and qualities of the surfaces of the abstracted human like glass heads but also the curious and eclectic appendages that regularly appear to burst forth from them like unorthodox fascinators or eccentric jewelry from nails and steel rods to glass or metal butterflies and wooden geometric forms With a timelessness that speaks of civilizations long gone and a modernity that simultaneously seems to look to the future Valdés has created a body of sculpture in glass that transcends time touching on the metaphysical nature of the human mind and its outward manifestation in the physical world

Manolo Valdés Manolo Valdés, Delfín Rodríguez, Kosme de Barañano, 2002 Manolo Valdés along with Antoni Tàpies are certainly the greatest

contemporary Spanish artists This book is the catalog of a twenty year retrospective at the Guggenheim Bilbao that brings together in one exhibition his paintings sculpture and drawings Although a thoroughly modern artist evidenced by the fact that he co represented his country at the 1999 Venice Biennale Valdes has always turned to the history of art for inspiration and this exhibition represents a journey through his work according to his themes and sensibilities regarding the history of art itself The work of Manolo Valdes focuses on and invigorates itself with the search for and reflection upon certain details in the paintings of the great masters with which he sews together his peculiar mosaic of esthetic experiences so well represented in this catalog **Art Now Gallery Guide** ,2004-11
