

# ***The Stars Are Mansions Built By Nature's Hand***

*The stars are mansions built by Nature's hand,  
And, haply, there the spirits of the blest  
Dwell, clothed in radiance, their immortal vest;  
Huge Ocean shows, within his yellow strand,  
A habitation marvellously planned,  
For life to occupy in love and rest;  
All that we see--is dome, or vault, or nest,  
Or fortress, reared at Nature's sage command.  
Glad thought for every season! but the Spring  
Gave it while cares were weighing on my heart,  
'Mid song of birds, and insects murmuring:  
And while the youthful year's prolific art--  
Of bud, leaf, blade, and flower--was fashioning  
Abodes where self-disturbance hath no part.*

*William Wordsworth*

**Moscow Mansions** Barbara Guest,1973    **Mansions** Donna Hilbert,1990    **The American House Poem, 1945-2021** Walt Hunter,2024-01-11 This book explores the politics of American housing from the perspective of poets Hunter follows the emergence of an American house poem which offers uniquely vivid expressions of the expansion of homeownership as a core tenet of American prosperity and democracy    **Mysteries of Small Houses** Alice Notley,1998-06-01 A Pulitzer Prize Finalist Winner of the Los Angeles Time Book Prize Alice Notley vividly reconstructs the mysteries longings and emotions of her past in this brilliant collection of poems that charts her growth from young girl to young woman to accomplished artist In this volume memories of her childhood in the California desert spring to life through evocative renderings of the American landscape circa 1950 Likewise her coming of age as a poet in the turbulent sixties is evoked through the era s angry creative energy As she looks backward with the perspective that time and age allows Notley ably captures the immediacy of youth s passion while offering her own dry eyed interpretations of the events of a life lived close to the bone Like the colorful collages she assembles from paper and other found materials Notley erects structures of image and feeling to house the memories that swirl around her in the present In their feverish intelligent renderings of moments both precise and ephemeral Notley s poems manage to mirror and transcend the times they evoke Her profound tributes to the stages of her life and to the identities she has assumed child youth lover poet wife mother friend and widow are remarkable for their insight and wisdom and for the courage of their unblinking gaze    **Blissful Bowers; Or, The Mansions in Heaven, a Poem ...** James Moore,1877    **Street of Mansions** Dick Ferry,1983    **Many-Storied House** George Ella Lyon,2013-08-15 Born in the small eastern Kentucky coal mining town of Harlan George Ella Lyon began her career with Mountain a chapbook of poems She has since published many more books in multiple genres and for readers of all ages but poetry remains at the heart of her work Many Storied House is her fifth collection While teaching aspiring writers Lyon asked her students to write a poem based on memories rooted in a house where they had lived Working on the assignment herself Lyon began a personal journey writing many poems for each room In this intimate book she strives to answer lingering questions about herself and her family Here I stand at the beginning she writes in the opening lines of the volume with more questions than answers Collectively the poems tell the sixty eight year long story of the house beginning with its construction by Lyon s grandfather and culminating with the poet s memories of bidding farewell to it after her mother s death Moving provocative and heartfelt Lyon s poetic excavations evoke more than just stock and stone they explore the nature of memory and relationships as well as the innermost architecture of love family and community A poignant memoir in poems Many Storied House is a personal and revealing addition to George Ella Lyon s body of work    **Country House Discourse in Early Modern England** Kari Boyd McBride,2017-07-05 In this study Kari Boyd McBride defines country house discourse as a network of fictions that articulated and mediated early modern concerns about the right

use of land and the social relationships that land engendered McBride provides new perspectives on the roles of the discourse she identifies linking it with a number of larger historical shifts during the time period Her interdisciplinary focus allows her to bring together a wide range of material including architecture poetry oil painting economic and social history and prescriptive literature in order to examine their complex interrelationship revealing connections unexplored in more narrowly focused studies McBride delineates the ways in which the country house on the landscape and in literature provided a locus for the construction of gender race class and nation Of particular interest is her focus on women s relationships to the country house their writing of country house poetry and their representation in that literature their designing of country houses and their lives within those architectural spaces whether as lady of the house or domestic servant One of the most important and promising insights in this study is that country house discourse was not simply static and nostalgic but actually worked to mediate change All in all she presents a fresh and detailed study of the great disparities between country house reality and the ideals that informed country house discourse

### **The Englishman's House, from a Cottage to a Mansion**

Charles James Richardson,1871     [Index of Haunted Houses](#) Adam O. Davis,2020-09-01 This is a book of ghost stories and for the most part ghosts are jealous monsters intent upon our destruction They never appear overtly here yet we gradually become aware of their presence the way spirits in haunted houses trod over creaky floors slam doors and issue sudden gusts of wind The poems are Koan like the fewer the words the more charged they are The engine driving this sense of haunting and loss is money which Davis describes as federal bone boiling around us Bison in Nebraska are reduced to bones seven standing men tall fodder for the fertilizer used by farmers in the 1800s Though they often specify dates there s an equality to the hauntings every instance has its moment and persists despite being in the past present or future If there really was a 1980 or 1848 or 1499 Davis implies it is somewhere Index of Haunted Houses is spooky and sad a stunning debut one that will surprise convince and most of all delight

### **Poems**

William Robert Fisher,1910     **The Mansions** Daniel Tobin,2023 From award winning poet Daniel Tobin comes The Mansions an epic trilogy of book length poems which examine exemplary 20th Century figures Georges Lemaitre Simone Weil and Teilhard de Chardin Capacious in their philosophical explorations immaculate form and alchemy of faith and empiricism each complete section works autonomously while also functioning as part of a whole building a house that contains many mansions simulating the dynamic enormity of creation itself always already entire and yet unfinished borderless infinite Immersed in a timeline when cataclysmic geopolitical events coincided with revolutionary scientific progression The Mansions charts a Dantean journey as

it confronts the exigencies and contingencies which define modernity history religion our planet s fate and the purpose of humankind A fractal symphony of voices Tobin s tripartite collection represents a staggering literary achievement a lyric that can hold the totality of the divine and of godlessness that harmonizes time as change and as eternity that sees pendant grapes as embodied wine Its music is the harvest cutting free the perfectly nurtured bruise colored fruit hour by hour and its wisdom is the transience of all things and the obliteration of the self that everlasting impermanence I see the landscape as it is when I m not there
