Los Angeles in the 1960s gave the world some of the greatest music in rock n roll history California Dreamin by the Mamas and the Papas Mr Tambourine Man by the Byrds and Good Vibrations by the Beach Boys a song that magnificently summarized

the joy and beauty of the era in three and a half minutes But there was a dark flip side to the fun fun fun of the music a nexus between naive young musicians and the hangers on who exploited the decade's peace love and flowers ethos all fueled by sex

drugs and overnight success One surf music superstar unwittingly subsidized the kidnapping of Frank Sinatra Jr The

transplanted Texas singer Bobby Fuller might have been murdered by the Mob in what is still an unsolved case And after

hearing Charlie Manson sing Neil Young recommended him to the president of Warner Bros Records Manson's ultimate

rejection by the music industry likely led to the infamous murders that shocked a nation Everybody Had an Ocean chronicles

the migration of the rock n roll business to Southern California and how the artists flourished there The cast of characters is

astonishing Brian and Dennis Wilson of the Beach Boys Jan and Dean eccentric producer Phil Spector Cass Elliot Sam Cooke

Ike and Tina Turner Joni Mitchell and scores of others and their stories form a modern epic of the battles between innocence

and cynicism joy and terror You'll never hear that beautiful music in quite the same way

Hypnotic Leadership Micha Popper,2001-03-30 Charismatic leadership in its extreme manifestations resembles a hypnotic situation in which the

followers lose their autonomic judgment Popper compares leadership to fire The leader is the spark the followers the fuel and

the circumstances the oxygen that feeds the flames Fire can destroy everything in its path and such a strong fire is a

metaphor for what is described as Hypnotic Leadership Describing examples of hypnotic leadership and using theories and

concepts from psychology and the social sciences Dr Popper begins by providing three examples of leaders defined as

hypnotic whose spheres of influence ranged from a small group to millions of people He then looks at the object of the

hypnotism the followers demonstrating the psychological meaning of the yearning for a leader While describing this as a

possible general condition Popper qualifies the universality of the argument referring to differences between cultures in the

attitudes toward authority or the ability to tolerate ambiguity These differences are of great significance in terms of the

susceptibility of being hypnotized by a charismatic leader Popper then examines the meeting of factors that create the drama

of hypnotic leadership presenting the central concepts that are used in analyzing the phenomenon and demonstrating their

use with reference to examples cited and the analysis of the processes in a broad perspective This is a provocative analysis

for students and scholars of leadership and psycho dynamic processes

ongoing debate over drug policy And even as Martin Torgoff tells the story of his own addiction and recovery he neither romanticizes nor demonizes drugs If he finds them less dangerous than the moral crusaders say they are he also finds them less benign than advocates insist Illegal drugs changed the cultural landscape of America and they continue to shape our country with enormous consequences This ambitious fascinating book is the story of how that happened *A Philosophical Inquiry into the Structure of Scientific Progress Regarding Beriberi.
