## New Mediumship:

*The New Mediumship* Grace Cooke, 1965-02-01 A practical guide on the development of true clairvoyance which should enable the reader to be of real help and service to others through understanding of them. It also provides insights into the differences between psychic and spiritual development. *Channeling* Jon Klimo, 1998-04-17 In this study of channeling earlier called spirit communication or mediumship Klimo who teaches at Rosebridge Graduate School in the San Francisco Bay Area writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it. He profiles recent channels and their sources goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses Solomon Muhammad Merlin Nostradamus Swedenborg and Edgar Cayce. He discusses the sorts of people who are channels kinds of information channeled sources of information channeled and varieties of channeling like clairvoyance and automatic writing. According to Klimo few people tap into their abilities to perform channeling and for those who think they can he serves as guide. **The Two Worlds**, 1929 **The New Psychic Medium** Ana-Lana, 2020-09-25 The first of the Truest Source Connections Series and your introduction to the new Psychic Source and new Psychic Medium ways. Expanding at astonishing rates in Africa Latin America and Asia. Pentecostalism has shifted Christianity's global center of gravity from the West to the global South. In **Spirit Wives and Church Mothers** Christy Schuetze explores how the growth of Pentecostal churches in central Mozambique occurred alongside a striking increase in so called traditional religious practices such as spirit mediumship and spiritual healing. She follows women who comprise the majority both of participants in Pentecostal churches and of initiates to new forms of mediumship through two emergent rival healing networks. Drawing on years of field research Schuetze offers a richly drawn ethnographic analysis of these important religious transformations in the lives of female participants. Illustrating how economic and social context shapes the possibilities for and forms of women's empowerment. **Spirit Wives and Church Mothers** intervenes in scholarly debates about the nature of agency and challenges universalist Western feminist assumptions about the form of women's liberation. *The Medium and Daybreak*, 1884 **Strangers, Spirits, and Land Reforms** Marja Spierenburg, 2021-10-11 This book describes efforts by the Zimbabwean government to enforce land reforms on African farmers in northern Zimbabwe. These efforts compounded rather than alleviated the problem of land scarcity for

black small scale farmers a problem government now allegedly seeks to redress through invasions of white owned farms The book describes the similarities between the post Independence land reforms and those attempted by the Rhodesian regime The land reforms in Dande rendered a considerable number of farmers officially landless The book describes the resulting internal conflicts over land within the communities in Dande as well as the more concerted forms of resistance of these communities vis a vis the state Attention is also given to the role the spirit mediums of the royal ancestors Mhondoro played in this resistance

**Cultural Crisis and Social Memory** Charles F. Keyes, Shigeharu Tanabe, 2013-10-18 This book explores social memory in the context of cultural crises of modernity in Thailand and Laos It explicates the ways in which social memory constructed by the people enters modernity and how this in turn causes fundamental ruptures with their past as well as the various ways cultural crises are experienced in their lives The essays in this book consider how in these crises the people constitute their cultural social or individual identities particularly focusing on the theoretical issues of identifications and their relevance to distinct historical processes in Thailand and Laos Both countries particularly in the two decades since the 1970s have been undergoing radical social and economic changes Whilst Thailand has travelled down the road to industrialization neighbouring Laos experienced a communist revolution in 1975 and only since the late 1980s has attempted to follow a reformist path to development Increasingly influenced by globalised economic and social institutions both countries have come to face crises that have made people insecure in the present and anxious about the future

**The Religion of Modern Spiritualism and Its Phenomena** Dr. William Cleveland, 1896 Demystifying Mediumship Kerry Alderuccio, 2021-11 Demystifying Mediumship what makes a medium In 2012 Kerry Alderuccio lost her 19 year old son Sam in a tragic car accident Until that moment she'd been oblivious to the world of mediums psychics and healers Kerry couldn't accept that death was the final act of life and six weeks after Sam's passing she saw a medium for the first time As she'd hoped Sam was there to communicate with his parents and a whole new world opened up for Kerry On a quest to learn more about mediumship Kerry joined a spiritual development circle in her hometown of Melbourne where a whole new world of previously unknown possibilities became apparent As a result Kerry discovered her own latent mediumistic abilities and her search took her to the United Kingdom where she began studying mediumship at the world renowned Arthur Findlay College This personal discovery made Kerry question why mediumship was universally misunderstood and its healing powers often overlooked An unexplained mystery surrounded the practice of mediumship and Kerry wanted to explore the misconceptions and fallacies associated with it To answer this question Kerry reached out to seventeen respected mediums from different countries ages and backgrounds to share their own unique stories of how their mediumship journeys unfolded Demystifying Mediumship is the product of those conversations It details powerful stories of personal loss pain sexuality alcoholism religion and escape as well as love and hope It sensitively tells their stories and the catalyst that led each of them to discovering their gifts Kerry skilfully explains mediumship as a practice helping readers to understand this ancient form of

communication with the Spirit world Demystifying Mediumship what makes a medium seeks to explain a topic that is too often shrouded in scepticism and misunderstanding and leaves you in awe of what is truly possible **The Epistemology of Spirit Beliefs** Hans Van Eyghen,2023-04-14 This book assesses whether belief in spirits is epistemically justified It presents two arguments in support of the existence of spirits and arguments that experiences of various sorts perceptions mediumship possession and animistic experiences can lend justification to spirit beliefs Most work in philosophy of religion exclusively deals with the existence of God or the epistemic status of belief in God Spirit beliefs are often regarded as aberrations and the falsity of such beliefs is often assumed This book argues that various beliefs concerning spirits can be regarded as justified when they are rooted in experiences that are not defeated It argues that spirit beliefs are not defeated by recent theories put forth by neuroscientists cognitive scientists or evolutionary biologists Additional arguments are made that traditional theistic belief is epistemically linked to spirit beliefs and that unusual events can be explained in terms of spirit activity The book draws on theistic arguments phenomenal conservatism and defenses of religious experiences to argue for the justification of spirit beliefs The arguments draw on examples from various religious traditions ranging from Christianity and Islam to Haitian Vodou and Tibetan Bon The Epistemology of Spirit Beliefs will be of interest to researchers and advanced students working in philosophy of religion religious epistemology ethnography and cognitive neuroscience
