New Perspectives on James Weldon Johnson's "The Autobiography of an Ex-Colored Man" Noelle Morrisette, 2017-07-15 James Weldon Johnson (1871-1938) exemplified the ideal of the American public intellectual as a writer, educator, songwriter, diplomat, key figure of the Harlem Renaissance and first African American executive of the NAACP. Originally published anonymously in 1912, Johnson's novel *The Autobiography of an Ex-Colored Man* is considered one of the foundational works of twentieth-century African American literature, and its themes and forms have been taken up by other writers from Ralph Ellison to Teju Cole. Johnson's novel provocatively engages with political and cultural strains still prevalent in American discourse today, and it remains in print over a century after its initial publication. *New Perspectives* contains fresh essays that analyze the book's reverberations, the contexts within which it was created, and received the aesthetic and intellectual developments of its author and its continuing influence on American literature and global culture. Contributors: Bruce Barnhart, Lori Brooks, Ben Glaser, Jeff Karem, Daphne Lamothe, Noelle Morrisette, Michael Nowlin, Lawrence J. Oliver, Diana Paulin, Amritjit Singh, Robert B. Stepto.

New Perspectives on the European Bildungsroman Giovanna Summerfield, Lisa Downward, 2010-12-16 **New Perspectives in Psychoanalysis** James P. Catell, George Eaton Daniels, 1965 Intersectionality and Relational Psychoanalysis Max Belkin, Cleonie White, 2020-02-07 *Intersectionality and Relational Psychoanalysis: New Perspectives on Race, Gender and Sexuality* examines the links between race, gender and sexuality through the dual perspectives of relational psychoanalysis and the theory of intersectionality. This anthology discusses the ways in which clinicians and patients inadvertently reproduce experiences of privilege and marginalization in the consulting room. Focusing particularly on the experiences of immigrants, women of color, sex workers and LGBTQ individuals, the contributing authors explore how similarities and differences between the patient's and analyst's gender, race and sexual orientation can be acknowledged, challenged and negotiated. Combining intersectional theory with relational psychoanalytic thought, the authors introduce a number of thought-provoking clinical vignettes to suggest how adopting an intersectional approach can help us navigate the space between pathology and difference in

psychotherapy By bringing together these new psychoanalytically informed perspectives on clinical work with minority and marginalized individuals Intersectionality and Relational Psychoanalysis makes an important contribution to psychoanalysis psychology and social work
