De Ropp, 1972      *Jacqueline Kahanoff* David Ohana, 2023-11-07 Jacqueline Kahanoff A Levantine Woman is the first intellectual biography of this remarkable Egyptian Jewish intellectual whose work has secured her place in literary pantheon as a herald of Levantine Mediterranean and transnational culture Growing up Jewish in cosmopolitan Egypt in the 1920s and 1930s Jacqueline Kahanoff experienced a bustling Middle East enriched by diverse languages religions and peoples who nonetheless were deeply connected to each other through history business daily practices and shared landscape At the age of twenty four Kahanoff immigrated to the United States Her stories essays and short autobiographical novel attest to her penchant to cross boundaries generations social classes sexes and Western and Eastern constructs After immigrating to Israel in the early 1950s she critically addressed the country's provinciality and ethnic nationalism as seen through her conception of a transnational Levantine culture Through many writings Kahanoff set forth her distinctive vision of Israel as a Mediterranean country with a broad multicultural Levantine identity Drawing on an extensive array of sources ranging from interviews with Jacqueline Kahanoff's acquaintances and contemporaries to unpublished writings David Ohana explores her fascinating life and intellectual journey from Cairo to Tel Aviv The encompassing vision of a Levantine Israel made Kahanoff the initiator of a different cultural possibility more extensive than that offered in her time and also perhaps than is offered today      *The Gate of the Burnt One* Philip G Cohen, 2024-05-24

Based on an intriguing alternative history hypothesis this novel imagines a world where the Moors never left Southern Spain after their 800 year reign but instead expanded their empire across Europe This fascinating premise is explored through the chaotic lens of a bumbling film crew in the Sahara desert The director lost in a haze of Moroccan kif has embraced the local culture a little too enthusiastically With the scriptwriters gone and the leading actor in a perpetual sulk inside his Airstream the production is at a standstill Enter Tintorio Indigolin a bitcoin billionaire on the run from a Shakespeare quoting Irish assassin In a bid to leverage a tax loss Indigolin acquires the film rights injecting a new lease of life into the project Mysteriously a captivating screenplay begins to appear on set page by page night after night Penned by an enigmatic writer the script proposes a world where the Moors didn't just resist expulsion in 1492 but went on to dominate Spain France and Italy creating an Islamic State of Europe As the screenplay unfolds it transforms the lives of everyone involved in the film The narrative weaves through a labyrinth of twists assassinations and narrow escapes employing the most unexpected methods only to culminate in the most uplifting conclusion you'll encounter this year      **Marx and We** Sun Zhengyu, 2024-08-01

Marxist ideology is the only fully scientific ideology the only one able to guide mankind toward the settlement of fundamental social problems and to point out the royal road for the proletariat to take in its march toward socialism and communism Without Marxism modern people cannot establish true social ideals nor can they engage in the rational pursuit of values Without Marxism modern people cannot choose the correct path of development nor can they build up new forms of

civilizations Without Marxism modern people would never base their commitments to schedule the consensus building effort and support the consensus building process on any irrefutably and sufficiently sound theoretical foundations **The New Prometheans** John S. The New Prometheans Courtenay Raia,2019-12-04 The Society for Psychical Research was established in 1882 to further the scientific study of consciousness but it arose in the surf of a larger cultural need Victorians were on the hunt for self understanding Mesmerists spiritualists and other romantic seekers roamed sunken landscapes of entrancement and when psychology was finally ready to confront these altered states psychical research was adopted as an experimental vanguard Far from a rejected science it was a necessary heterodoxy probing mysteries as diverse as telepathy hypnosis and even s ance phenomena Its investigators sought facts far afield of physical laws evidence of a transcendent irreducible mind The New Prometheans traces the evolution of psychical research through the intertwining biographies of four men chemist Sir William Crookes depth psychologist Frederic Myers ether physicist Sir Oliver Lodge and anthropologist Andrew Lang All past presidents of the society these men brought psychical research beyond academic circles and into the public square making it part of a shared far reaching examination of science and society By layering their papers textbooks and lectures with more intimate texts like diaries letters and literary compositions Courtenay Raia returns us to a critical juncture in the history of secularization the last great gesture of reconciliation between science and sacred truths Prometheus Reborn Michael L.
