Janice Moss,2018-07-24 Have you been unlucky in love and are tired of the romantic roller coaster ride Are you wondering if you should even try anymore Do your relationships often leave you in a luxury suite at the Heartbreak Hotel Do you want to understand why you make bad relationship choices Is it time to move on

but you don't know how. If the answer to any of these questions is YES then you will find the answers you need as you answer these 37 Questions. You will learn about Your relationship patterns, Lessons learned from your past relationships, Relationship sustainability and functionality, Your expectations and deal breakers, Your motivations, How to choose partners wisely, And most importantly HOW to stop your relationship pain. Are You Ready for a New Relationship? These 37 Questions Will Help You Decide is a guide that will help open your mind and steer you toward the successful relationship that your soul and mind have been waiting for. When asked if they are ready for a relationship, many people will proclaim from the mountaintops, Yes I am ready. But if you ask them what sacrifices they are willing to make for a successful, fulfilling, nurturing relationship, the story changes rapidly. Most people don't want to make changes or adjustments. They want a new partner to accept or adjust to the way they are, complete with all of their issues, childhood trauma, previous relationship residue, and baggage of every size, shape, and color. However, starting a new relationship without addressing the past and preparing yourself for a new kind of relationship will most likely produce a relationship with the same outcome as your previous relationships. To have a new kind of relationship, you may have to be a new kind of you. If you stay the same, expect the same. This book will gently guide you in a new direction to open your thinking and address your issues. It will help you clearly identify your wants and needs and address your past in a positive and meaningful way. Tools will be provided to help you easily recognize your relationship patterns, analyze your past relationships, understand what contributions you make to relationship dysfunction, learn how to make a good relationship choice, and realize how to know what you want and get it. With this knowledge, you will become a better you and make informed choices so that you don't keep dating the same guy/girl with a different name. In order to attract a more compatible partner, you must be able to recognize Mr/Ms Wrong before you try to make him/her Mr/Ms Right. Finding a mate and committing to a relationship is one of the most important decisions anyone can ever make. There are few things that will affect the trajectory of your life more than the person you choose to partner with or marry. To get it all, you have to give it all. Great relationships don't just happen as a fluke; they take work, hard work. Work that will provide a great reward when you find your happy with the right person. Before you invest your time, energy, and emotions, you have to make sure the relationship you are giving your all to is the right one. Additionally, you have to ask yourself where you want to go in life and whether the mate you chose will serve as a hindrance or a help. If you have the wrong mate, he/she can prohibit you from achieving some of your goals. Are you ready for a relationship? This is a question that requires absolute honesty, consideration, and self-reflection.
