H. Jerome Freiberg, Amy Driscoll, 2000 This book presents teaching from three specific actions Organizing Instructing and
Assessing and is divided into three sections which reflect each of these teaching actions The strategies presented in each
section are truly universal in nature they cut across grade levels subject areas and teaching situations The book emphasizes
Context Content and Learner as essential elements in the decision making process This book bridges the gap between theory
research and practice with clear and effective writing and a framework that combines the context content and learner with
what teachers need in the real world organizing instructing and assessing Universal Teaching Strategies expands both the
pedagogical teaching knowledge of teachers and their instructional repertoires For the continuing education of pre service
