The vast majority of these visitors had to rely on interpreters dragomans translators and local guides This study based on published and unpublished travel memoirs guidebooks personal papers and archaeological reports of the British and American archaeologists deals with the socio political status and multi faceted role of interpreters at the time Those bi or multi lingual individuals frequently took on or were forced to take on much more than just interpreting They often played the role of go between servants bodyguards pimps diplomats spies messengers managers and overseers and had to mediate scheme and often improvise whether in an official or unofficial capacity For the most part denied due credit and recognition these interpreters are finally here given a new voice An engrossing story emerges of how through their many and varied actions and roles they had a crucial part to play in the introduction to Britain and America of these mysterious past cultures and civilizations
