New Paganism:

The New Paganism William Edward Biederwolf, 2016-03-04 The New Paganism is an analysis of spiritual civic social and economic responsibilities of the American Christian and the consequences of our national actions and reactions Palm Beach Pastor William Biederwolf took the pulse of America in 1934 and he was deeply disturbed by his own prognosis At that time he predicted that if it did not change its ways the country would become a nation of pagans He analyzes the social and spiritual symptoms of his day and projects ahead into the future It is a stunning revelation A comparison of his forecast to our own day provides a roadmap of how we arrived at our current state of affairs His prescience is like a warning message in a time capsule from the 1930s It is uncanny unnerving and when applied to twenty first century America it is horrifying

Zohreh Kermani, 2013-07-29 For most of its history contemporary Paganism has been a religion of converts Yet as it enters its fifth decade it is incorporating growing numbers of second generation Pagans for whom Paganism is a family tradition not a religious worldview arrived at via a spiritual quest In Pagan Family Values S Zohreh Kermani explores the ways in which North American Pagan families pass on their beliefs to their children and how the effort to socialize children influences this new religious movement The first ethnographic study of the everyday lives of contemporary Pagan families this volume brings their experiences into conversation with contemporary issues in American religion Through formal interviews with Pagan families participant observation at various pagan events and data collected via online surveys Kermani traces the ways in which Pagan parents transmit their religious values to their children Rather than seeking to pass along specific religious beliefs Pagan parents tend to seek to instill values such as religious tolerance and spiritual independence that will remain with their children throughout their lives regardless of these children's ultimate religious identifications Pagan parents tend to construct an idealized magical childhood for their children that mirrors their ideal childhoods The socialization of children thus becomes a means by which adults construct and make meaningful their own identities as Pagans Kermani's meticulous fieldwork and clear engaging writing provide an illuminating look at parenting and religious expression in Pagan households and at how new religions pass on their beliefs to a new generation **The Book of Modern Catholic Prose**, 1928 *Herald and Presbyter*, 1924 *Not My Child* Linda Harvey, 2008 CASUAL OCCULTISM PERMEATES YOUTH CULTURE DO YOU SUPPOSE THAT YOUR CHILD COULD EMBRACE PAGAN SPIRITUALLY NO I REALLY DON T THINK SO WHY DID YOU ASK Think again cautions Linda Harvey in her book Not My Child Contemporary Paganism New Spirituality Casual occultism permeates youth culture children's media and classroom lessons Kids are under spiritual assault even in some trendy youth groups Harvey points out how current social issues the Internet television movies and even feminism are contributing to the problem What's the significance of the sudden appeal of teen paganism even witchcraft Is fortune telling and spell casting just a new version of teen rebellion or a more sinister development The author compares the modern version of ancient practices neo paganism to core biblical principles and exposes the flaws including the gender and sexuality risks inherent in these radical new beliefs The fingerprints of evil are all over what appears to be innocent packaging of youth activities and entertainment But how can a parent keep from going crazy and saying no to everything The whens wheres and hows are covered with tips and
