Mandarins 1st Edition:

A Course of Mandarin Lessons, Based on Idiom. Revised Ed Calvin Wilson Mateer, 1898 *Sweet Mandarin* Helen Tse, 2008-07-08 Spanning almost a hundred years this rich and evocative memoir recounts the lives of three generations of remarkable Chinese women Their extraordinary journey takes us from the brutal poverty of village life in mainland China to newly prosperous 1930s Hong Kong and finally to the UK Their lives were as dramatic as the times they lived through A love of food and a talent for cooking pulled each generation through the most devastating of upheavals Helen Tse's grandmother Lily Kwok was forced to work as an amah after the violent murder of her father Crossing the ocean from Hong Kong in the 1950s Lily honed her famous chicken curry recipe Eventually she opened one of Manchester's earliest Chinese restaurants where her daughter Mabel worked from the tender age of nine But gambling and the Triads were pervasive in the Chinese immigrant community and tragically they lost the restaurant It was up to author Helen and her sisters the third generation of these exceptional women to re-establish their grandmother's dream The legacy lived on when the sisters opened their award-winning restaurant Sweet Mandarin in 2004 Sweet Mandarin shows how the most important inheritance is wisdom and how recipes passed down the female line can be the most valuable heirloom My First Mandarin Words with Gordon & Li Li Michele Wong McSweeney, 2018-10-30 Learn English and Mandarin words with panda cousins Gordon and Li Li in this charming and colorful bilingual first words book Gordon and Li Li are cousins Li Li is from Beijing China and speaks Mandarin Gordon lives in Brooklyn New York and speaks English When Li Li visits Gordon for the first time the cousins must learn to communicate using simple everyday words Children and caregivers can read along with Gordon and Li Li as they learn basic English and Mandarin words and their correct pronunciation Each spread of this sturdy book spotlights a different theme including greetings colors numbers and animals And every word features the English and pinyin spelling along with the Chinese character and the phonetic Mandarin pronunciation to help readers practice This is an adorable and informative must-have first words book for any family who wants to get little ones excited to open the door to learning a second language and future language success Annual Report of the American Bible Society American Bible Society, 1917 Together with a list of auxiliary and cooperating societies their officers and other data *Mandarin Primer* Frederick William Baller, 1900 **Classifier Structures in Mandarin Chinese** Niina Ning Zhang, 2013-05-28 This monograph addresses fundamental syntactic issues of classifier constructions based on a thorough study of a typical classifier language Mandarin Chinese It shows that the contrast between count and mass is not binary Instead there are two independently attested features Numerability the ability of a noun to combine with a numeral directly and Delimitability the ability of a noun to be modified by a delimitive modifier such as size shape or boundary modifier Although all nouns in Chinese are non-count nouns there is still a mass non-mass contrast with mass nouns selected by individuating classifiers and non-mass nouns selected by individual classifiers Some languages have the counterparts of Chinese individuating classifiers only some

languages have the counterparts of Chinese individual classifiers only and some other languages have no counterpart of either individual or individuating classifiers of Chinese The book also reports that unit plurality can be expressed by reduplicative classifiers in the language Moreover for the constituency of a numeral expression an individual individuating or kind classifier combines with the noun first and then the numeral is integrated but a partitive or collective classifier like a measure word combines with the numeral first before the noun is integrated into the whole nominal structure Furthermore the book identifies the syntactic positions of various uses of classifiers in the language A classifier is at a functional head position that has a dependency with a numeral or a position that has a dependency with a generic or existential quantifier or a position that represents the singular plural contrast or a position that licenses a delimitive modifier when the classifier occurs in a compound

A Course in Mandarin Lessons Calvin Wilson Mateer, 1909 **A Grammar of Mandarin** Jeroen Wiedenhof, 2015-10-15 A fascinating description of a global language A Grammar of Mandarin combines broad perspectives with illuminating depth Crammed with examples from everyday conversations it aims to let the language speak for itself The book opens with an overview of the language situation and a thorough account of Mandarin speech sounds Nine core chapters explore syntactic morphological and lexical dimensions A final chapter traces the Chinese character script from oracle bone inscriptions to today's digital pens This work will cater to language learners and linguistic specialists alike Easy reference is provided by more than eighty tables figures appendices and a glossary The main text is enriched by sections in finer print offering further analysis and reflection Example sentences are fully glossed translated and explained from diverse angles with a keen eye for recent linguistic change This grammar in short reveals a Mandarin language in full swing

Protestant Bible Translation and Mandarin as the National Language of China George Kam Wah Mak, 2017-03-06 This book represents the first monograph length study of the relationship between Protestant Bible translation and the development of Mandarin from a lingua franca into the national language of China Drawing on both published and unpublished sources this book looks into the translation publication circulation and use of the Mandarin Bible in late Qing and Republican China and sets out how the Mandarin Bible contributed to the standardization and enrichment of Mandarin It also illustrates that the Mandarin Union Version published in 1919 was involved in promoting Mandarin as not only the standard medium of communication but also a marker of national identity among the Chinese people thus playing a role in the nation building of modern China

A Mandarin-Romanized Dictionary of Chinese Donald MacGillivray, 1925 **The New Mandarin**, 1926 **A Mandarin Primer** Frederick William Baller, China Inland Mission, 1911 **A Course of Mandarin Lessons, Based on Idiom** Calvin Wilson Mateer, 1898 **The Chinese Recorder and Missionary Journal**, 1878 **Like Mandarin** Kirsten Hubbard, 2012 When shy awkward Grace Carpenter is paired with the beautiful and wild Mandarin on a school project an unlikely explosive friendship begins but all too soon Grace discovers that Mandarin is a very troubled even dangerous girl
