Hollywood's Melodramatic Imagination Geoff Mayer, 2021-12-23 Melodrama is the foundation of American cinema It is however a poorly understood term While it is a pervasive and persuasive dramatic mode it is not tied to any specific moral or ideological system It is not a singular genre rather it operates as a genre generating machine capable of determining the aesthetics and structure of the drama within many genres Melodrama centers the conflict around the clash between good and evil and provides a sense of poetic justice but the specific values embedded in notions of good and evil are determined by the culture and they shift from nation to nation region to region and period to period This book explores the populist westerns of the 1930s the propaganda films that followed the Japanese attack on Pearl Harbor and the popularity of Sax Rohmer s master villain Fu Manchu Melodramas of passion and film noir also offer a challenge to melodrama with its seemingly alienated protagonists and downbeat endings Yet with few exceptions Hollywood was able to assimilate these genres within its melodramatic imagination *Best of Enemies* Gus Russo, 2018-10-02 The thrilling story of two Cold War spies CIA case officer Jack Platt and KGB agent Gennady Vasilenko improbable friends at a time when they should have been anything but In 1978 CIA maverick Jack Platt and KGB agent Gennady Vasilenko were new arrivals on the Washington DC intelligence scene with Jack working out of the CIA s counterintelligence office and Gennady out of the Soviet Embassy Both men already notorious iconoclasts within their respective agencies were assigned to seduce the other into betraying his country in the urgent final days of the Cold War but instead the men ended up becoming the best of friends blood brothers Theirs is a friendship that never should have happened and their story is chock full of treachery darkly comic misunderstandings bureaucratic inanity the Russian Mafia and landmark intelligence breakthroughs of the past half century In *Best of Enemies* two espionage cowboys reveal how they became key behind the scenes players in solving some of the most celebrated spy stories of the twentieth century including the crucial discovery of the Soviet mole Robert Hanssen the

2010 Spy Swap which freed Gennady from Soviet imprisonment and how Robert De Niro played a real life role in helping Gennady stay alive during his incarceration in Russia after being falsely accused of spying for the Americans Through their eyes we see the distinctions between the Russian and American methods of conducting espionage and the painful birth of the new Russia whose leader Vladimir Putin dreams he can roll back to the ideals of the old USSR The Sunset ,1906
