## **Manliness And Morality:**

Manliness and Morality J. A. Mangan,1987      *Manliness and Morality* J. A. Mangan,James Walvin,1987-01-01

**Masculinity & Morality** Larry May,1998 Examines the relationship between masculinity and moral responsibility with emphasis on group oriented issues      **Manliness and Morality** J. A. Mangan,James Walvin,1987      'Manufactured'

**Masculinity** J. A. Mangan,2014-01-02 Manufactured Masculinity should be considered essential reading for scholars in the humanities and social sciences at every level and in all parts of the academic world It weaves together brilliantly the elements of the manufacture of masculinity in the period world famous public school system for the privileged which serviced the largest empire the world has ever known at the zenith of its control and which has had a significant influence in the formation of the modern world This authoritative study of the making of British imperial masculinity shines light on the period of Muscular Christianity Social Darwinism and Militarism as meshed ideological instruments of both power and persuasion This magisterial study reveals the extraordinary and paramount influence of games fields as the machine tools in an industrial process with the schools as workshops containing cultural conveyor belts for the production of robust committed and confident servants of empire and templates for imperial reproduction in imperial possessions Mainly on efficient production belt playing fields of the privileged minds were moulded attitudes were constructed and bodies shaped for imperial manhood Earlier manliness was metamorphosized morality was redefined and militarism at the high point of imperial grandeur was an adjunct Professor Mangan outlines this unique process of cultural conditioning with a unique range of evidence and analysis This book was published as a special double issue of the International Journal of the History of Sport

*The Evolution of Morality* Charles Staniland Wake,1878      Spectres of Masculinity Anna S. Berger,2025-10-17 Why are so many ghost stories narrated by men and what do these tales reveal about ideas of masculinity Anna S Berger explores how Victorian and Edwardian supernatural fiction reflects anxieties around imperial decline compulsive heterosexuality domestic instability and shifting gender roles From haunted houses to colonial outposts male protagonists face spectral challenges to the imperial masculine ideal paternal authority and male rational control By drawing on works by authors like Rudyard Kipling Elizabeth Gaskell and Arthur Conan Doyle this study reveals the ghost story as a site where normative masculinity falters and alternative visions of male identity emerge      Manufacturing Masculinity Peter Horton,2017 This tribute to Professor J A Tony Mangan is well deserved Professor Mangan is a path breaking scholar Mangan's impact is measurable in the rarest of ways institution building Under his leadership a globally situated team has opened a new relationship between sport and the academy and I recommend Manufacturing Masculinity The Mangan Oeuvre Global Reflections on J A Mangan's Studies of Masculinity Imperialism and Militarism as yet again it offers a unique consideration of the relationship between sport and academy Professor John D Kelly University of Chicago Professor Mangan has since the early 1980s been one of the foremost international scholars within his chosen field of cultural history Over this period he has possibly more convincingly

than any other international academic shown in his research how much sport and associated forms of competitive performance have not only reflected and reproduced but indeed sometimes also reformed and redirected fundamental political cultural and social structures and ideological transformative forces in modern civilisation Professor Henrik Meinander University of Helsinki Professor Mangan is widely and greatly respected in China as a scholar of international distinction he has made both direct and indirect contributions to Chinese scholarship especially regarding Chinese women and their long struggle for emancipation Finally and I cannot stress this point too strongly a most important contribution has been his crystal clear and nuanced writing style much appreciated by Chinese who wish to write for the international scholastic world Professor Dong Jinxia Peking University No one has had a more influential role in or made a greater contribution to the cultural history of modern sport than Professor J A Mangan With his visionary pioneering monographs and many seminal edited collections and as founding editor of the series Sport in the Global Society with its numerous volumes and most especially as founding editor and editor of The International Journal of the History of Sport for some thirty years which he took from the original three numbers a year to eighteen numbers a year his contribution has been unparalleled

Professor Roberta J Park University of California Berkeley     *Crusading in the Long Nineteenth Century, 1798-1928* Adam Knobler,2025-01-14 Engaging the Crusades is a series of concise volumes up to 50 000 words that offer initial windows into the ways in which the crusades have been used in the last two centuries demonstrating that the memory of the crusades is an important and emerging subject Together these studies suggest that the memory of the crusades in the modern period is a productive exciting and much needed area of investigation Crusading in the Long Nineteenth Century offers a trans cultural examination of crusade medievalism that is the use of the symbolism and rhetoric of the crusades in the popular and political discourse of the long nineteenth century Using a variety of sources from missionary accounts to children s literature this book includes an examination of crusade medievalism through the politics of a European wide audience from states which could claim some relationship to medieval crusading to those regions where crusading was not part of a national historical heritage It also examines how the Islamicate world looked upon the crusades in the nineteenth and early twentieth centuries By looking at the phenomenon of crusade medievalism from a multi national perspective this volume is of interest to medievalists modernists and those interested in the crusades in general     *Sport, Militarism and the Great War* Thierry Terret,J. A. Mangan,2013-09-13 The Great War has been largely ignored by historians of sport However sport was an integral part of cultural conditioning into both physiological and psychological military efficiency in the decades leading up to it It is time to acknowledge that the Great War also had an influence on sport in post war European culture Both are neglected topics Sport Militarism and the Great War deals with four significant aspects of the relationship between sport and war before during and immediately after the 1914 1918 conflict First it explores the creation and consolidation of the cult of martial heroism and chivalric self sacrifice in the pre war era Second it examines the consequences of the mingling of

soldiers from various nations on later sport Third it considers the role of the Great War in the transformation of the leisure of the masses Finally it examines the links between war sport and male socialisation The Great War contributed to a redefinition of European masculinity in the post war period The part sport played in this redefinition receives attention Sport Militarism and the Great War is in two parts the Continental Part I and the Anglo Saxon Part II No study has adopted this bilateral approach to date Thus in conception and execution it is original With its originality of content and the approaching centenary of the advent of the Great War in 2014 it is anticipated that the book will capture a wide audience This book was originally published as a special issue of The International Journal of the History of Sport *Dismembering the Male* Joanna Bourke,1996 It has been contended that femininity was disrupted constructed and reconstructed during World War I but what happened to masculinity Using the evidence of letters diaries and oral histories of members of the military and of civilians this book explores the impact of the Great War on the male body **Proceedings of the Annual Meeting** Fire Underwriters' Association of the Northwest,1883 **Christian Ethics and Social Progress** James Wilson Harper,1912

**The Secret Lives of Consumer Culture** Jesse Isaac Berrett,1996 **Some Principles of Moral Theology and Their Application** Kenneth Escott Kirk,1920 *Making Men: Rugby and Masculine Identity* Timothy J.L. Chandler,John Nauright,2013-01-11 This text looks at how an understanding of rugby can provide insight into what it has meant to be a man in societies influenced by the ideals of Victorian upper and middle classes It shows that rugby has been a means of promoting male exclusivity but also been a means of cultural incorporation *and 2* Charles Staniland Wake,1878 God and Popular Culture Stephen Butler Murray,Aimée Upjohn Light,2015-08-11 This contributed two volume work tackles a fascinating topic how and why God plays a central role in the modern world and profoundly influences politics art culture and our moral reflection even for nonbelievers God in the many ways that people around the globe conceptualize Him Her or It is one of the most powerful divisive unifying and creative elements of human culture The two volumes of God and Popular Culture A Behind the Scenes Look at the Entertainment Industry's Most Influential Figure provide readers with a balanced and accessible analysis of this fascinating topic that allows anyone who appreciates any art music television film and other forms of entertainment to have a new perspective on a favorite song or movie Written by a collective of both believers and nonbelievers the essays enable both nonreligious individuals and those who are spiritually guided to consider how culture approaches and has appropriated God to reveal truths about humanity and society The book discusses the intersections of God with film television sports politics commerce and popular culture thereby documenting how the ongoing messages and conversations about God that occur among the general population also occur within the context of the entertainment that we as members of society consume often without our recognition of the discussion The Moral Philosophy of Aristotle Aristotle,Walter Mooney Hatch,1879 **The Open Court** Paul Carus,1894
