collection of folk stories remains one of the most iconic pieces of children's literature and has had significant influence in modern pop culture. This work examines the many ways that recent films have employed archetypal images, themes, symbols, and structural elements that originated in the most well-known Grimm fairy tales. The author draws similarities between the cannibalistic symbolism of the Grimm brothers' Little Red Cap and the 1991 film *The Silence of the Lambs* and reveals Faustian parallels between Rumpelstiltskin and the 1968 film *Rosemary's Baby*. Each of eight chapters reveals a similar pairing, and film stills and illustrations are featured throughout the work. *The Crystal Gryphon* Andre Norton, 2014-07-01

The adventures of Witch World continue as a cursed hero and his true love struggle for survival in a vast parallel universe of magic and high fantasy. Kerovan of Ulmsdale has long borne the curse of his ancestors' depredations. After pillaging a sanctuary of the Old Ones, his bloodline has been forever marred by painful sickness and death. Kerovan was born strong and hardy but he walks on hooves instead of human feet and sees through eyes of amber just as the Old Ones had. Bound in marriage to the beautiful Joisan of Ithkrypt, Kerovan seeks to claim his rightful place as Lord heir of Ulmsdale. But first the couple, separated by distance yet linked in spirit, must unlock the powers held within a mystical necklace Joisan wears. The small crystal gryphon bears secrets that will bring them to the farthest reaches of the wilderness on a quest to save their people and their world from doom. *Science Fiction Writers of America Grand Master Andre Norton's beloved novels of sword and sorcery have sold millions of copies worldwide. The Crystal Gryphon is the 3rd book in the Witch World High Hallack Cycle, but you may enjoy reading the series in any order.* **Samuel Weber** Simon Morgan Wortham, 2018-01-12. Title first published in 2003. Weber is probably the only person in his generation who is equally at home in and directly informed about contemporary literary theory and its antecedents in Germany, France, and the US. His theoretical interest in psychoanalysis serves as a viewpoint from which a powerful combination of philosophical, linguistic, and political concerns are brought together in an uncommonly productive dialectical interplay. Paul de Man. This book presents the first introductory text examining the work of the contemporary thinker Samuel Weber. Accessible, compelling, and challenging, Weber's writing offers a rewarding investigation into the connections between literary and cultural studies, media and technology, and philosophy and aesthetics in the context of significant intellectual debates and developments linking Europe and North America. The critical practice of Weber's various texts is explored in detail along with his studies in philosophy, aesthetics, deconstruction, media technology, psychoanalysis, and theatre. **Witch World: High Hallack Cycle** Andre Norton, 2018-08-28. Science fiction meets sword and sorcery in these five novels by the legendary New York Times bestselling author and superb storyteller. The New York Times. On a planet in a parallel universe where magic is a reality, these five high fantasy novels of the Witch World, set on the western continent of High Hallack, once again illustrate why prolific author Andre Norton was named a Grand Master by the Science Fiction and Fantasy Writers of America. The Jargoons. When a strange traveler gifts young heir to the throne Kethan a belt of leopard skin embossed with a stone, a jargoos carved in the shape of a predatory snow cat, he becomes
