## **Manning Clark:**

History of Australia Manning Clark, 1993 In 1962 the first volume of Manning Clark's *A History of Australia* appeared. For the next two and a half decades Clark unfolded his tragic celebration of white Australian history. Today the six volume history is one of the masterpieces of Australian literature. It is also one of the most passionately debated visions of Australian history. Clark's Australians are men and women of lively goodwill and deep sinfulness of generous idealism and unthinking brutality. He dramatizes the motivating forces of Australian life: cowardice and vision, cruelty and defiance, greatness of spirit and the spiritual vacuity of the suburbs, all of them locked in the unceasing struggle which builds a nation. Michael Cathcart has re-orchestrated Clark's epic narrative in this single volume. Every page of this abridgement rings with Manning Clark's voice. Here at last the general reader can encounter the deep resonances, pessimism and passion of Manning Clark, Australian historian and prophet. Michael Cathcart is co-author of *Mission to the South Seas: the Voyage of the Duff* and author of *Defending the National Tuckshop: a study of conservative responses to the Great Depression*. A Short History of Manning Clark Stephen Holt, 1999 A lively up to the minute account of a controversial Australian. *The Best of Manning Clark* Manning Clark, 1991-10-01 *Eye for Eternity* Mark McKenna, 2020-11-03 Manning Clark was a complex, demanding and brilliant man. Mark McKenna's compelling biography of this giant of Australia's cultural landscape is informed by his reading of Clark's extensive private letters, journals and diaries, many that have never been read before. *An Eye for Eternity* paints a sweeping portrait of the man who gave Australians the signature account of their own history. It tells of his friendships with Patrick White and Sidney Nolan. It details an urgent and dynamic marriage ripped apart at times by Clark's constant need for extramarital romantic love. A son who wrote letters to his dead parents. A historian who placed narrative ahead of facts. A doubter who flirted with Catholicism. A controversial public figure who marked slights and criticisms with deeply held grudges. To understand Clark's life is to understand twentieth century Australia. And it raises fundamental questions about the craft of biography: When are letters too personal, comments too hurtful and insights too private to publish? Clark incessantly documented his life, leaving notes to the biographers he knew would pursue his story. He had a deep need to be remembered and this book means he will now be understood in an unforgettable way. *Manning Clark*, 1986

*Historian's Life* Fay Anderson, 2017-04-28 Max Crawford was one of Australia's pre-eminent historians. As both a participant in and observer of many decisive episodes of the era—Europe in the midst of the Depression, America and Russia at the height of World War II, post-war reconstruction and the Cold War in Australia—Crawford was regarded as a radical and outspoken defender of intellectual autonomy. This biography considers Crawford as an historian and a public intellectual. It relates his experiences as a student at Sydney and Oxford, a struggling teacher during the Depression, as the head of the History School at the University of Melbourne, a diplomat in wartime Russia, and a Cold War victim and accuser. The study of Crawford's life provides insight into one man's experience in the midst of political turmoil and the limits of intellectual

autonomy on Australian campuses as well as the suspicion of liberal intellectuals in Australian public life the repression of academic radicals and ASIO's attempts to stifle dissident voices Spanning his life 1906-1991 Crawford's political and intellectual journey suggests the changing nature of Australian progressive liberalism and the precarious state of academic freedom

Paradise Past Robert W. Kirk, 2012-11-07 In the 400 years from Magellan's entrance into Pacific waters to 1920 the lives of the people of the South Pacific were utterly transformed Exotic diseases from Europe and America particularly the worldwide influenza pandemic were deadly for islanders Ardent missionaries changed the belief systems and lives of nearly all Polynesians Aborigines and those Papuans and Melanesians living in areas accessible to westerners By 1920 every island and atoll in the South Seas had been claimed as a colony or protectorate of a power such as Britain France or the United States Factors aiding this imperial sweep included European outposts such as Sydney advances in maritime technology the work of missionaries a desire to profit from the area's relatively sparse resources and international rivalry that led to the scramble for colonies The coming of westerners as this book points out was not entirely negative as head hunting cannibalism chronic warfare human sacrifice and other practices were diminished but whole cultures were irreversibly changed or even eradicated
