Reisman, 2018-10-15 Fay Weldon *Feminism and British Culture* Challenging Cultural and Literary Conventions offers a critical analysis of British author Fay Weldon's major novels from 1967 to the present and addresses how Weldon's fiction engages with controversial moral social and political issues This book provides an in depth examination of the relationship between Weldon's fiction and the contemporary feminist cultural and literary movements in Britain Representative works from each decade speak to the multiple controversies and challenges to convention in which Weldon and her books played key roles Drawing on Weldon's personal history fiction and nonfiction as well as on historical sociological and literary documents this book builds a cultural framework in which to understand Weldon's work and the critical response to it It shows that although Weldon's battleground may change with the times her ability and desire to provoke controversy remain constant as she continues to question and upset social literary and cultural conventions **Mantrap, Etc.
