Over the course of the twentieth century African Americans in New Orleans helped define the genres of jazz rhythm and blues soul and funk In recent decades younger generations of New Orleanians have created a rich and dynamic local rap scene which has revolved around a dance oriented style called bounce Hip hop has been the latest conduit for a New Orleans sound that lies at the heart of many of the city s best known contributions to earlier popular music genres Bounce while globally connected and constantly evolving reflects an enduring cultural continuity that reaches back and builds on the city s rich musical and cultural traditions In this book the popular music scholar and filmmaker Matt Miller explores the ways in which participants in New Orleans s hip hop scene have collectively established contested and revised a distinctive style of rap that exists at the intersection of deeply rooted vernacular music traditions and the modern globalized economy of commercial popular music Like other forms of grassroots expressive culture in the city New Orleans rap is a site of intense aesthetic and economic competition that reflects the creativity and resilience of the city s poor and working class African Americans **American Legion Baseball** William E.
