### NEW MEXICO HISTORIC WOMEN MARKER INITIATIVE

The New Mexico Historic Women Marker Initiative was founded in 2005 by members of the New Mexico Women's Forum in a statewide effort to recognize women's contributions to New Mexico history on the state's Official Scenic Historic Markers.

The Initiative ensures that women's diverse histories will be remembered and told, and will inspire and provide a guide for future generations. The 2006 Legislature funded the project.

## New Mexico Historic Documents:

New Mexico Historic Documents Richard N. Ellis, 1975      **The Spanish Archives of New Mexico** Ralph Emerson Twitchell, 2008 In what follows can be found the doors to a house of words and stories This house of words and stories is the Archive of New Mexico and the doors are each of the documents contained within it Like any house New Mexico's archive has a tale of its own origin and a complex history Although its walls have changed many times its doors and the encounters with those doors hold stories known and told and others not yet revealed In the Archives there are thousands of doors 4 481 that open to a time of kings and popes of inquisition and revolution These archives writes Ralph Emerson Twitchell are by far the most valuable and interesting of any in the Southwest Many of these documents were given a number by Twitchell small stickers that were appended to the first page of each document an act of heresy to archivists and yet these stickers have now become part of the artifact These are the doors that Ralph Emerson Twitchell opened at the dawn of the 20th century with a key that has served scholars policy makers and activists for generations In 1914 Twitchell published in two volumes *The Spanish Archives of New Mexico* the first calendar and guide to the documents from the Spanish colonial period Volume Two of the two volumes focuses on the Spanish Archives of New Mexico Series II or SANM II These 3 087 documents consist of administrative civil military and ecclesiastical records of the Spanish colonial government in New Mexico 1621 1821 The materials span a broad range of subjects revealing information about such topics as domestic relations political intrigue crime and punishment material culture the Camino Real relations between Spanish settlers and indigenous peoples the intrusion of Anglo Americans and the growing unrest that resulted in Mexico's independence from Spain in 1821 As is the case with Volume One these documents tell many stories They reflect for example the creation and maintenance of colonial society in New Mexico itself founded upon the casting and construction of colonizing categories Decisions made by popes kings and viceroys thousands of miles away from New Mexico defined the lives of everyday citizens as did the reports of governors and clergy sent back to their superiors They represent the history of imperial power conquest and hegemony Indeed though the stories of indigenous people and women can be found in these documents it may be fair to assume that not a single one of them was actually scripted by a woman or an American Indian during that time period But there is another silence in this particular collection and series that is telling Few pre Revolt 1680 documents are contained in this collection While the original colonial archive may well have contained thousands of documents that predate the European settlement of New Mexico in 1598 with the Pueblo Indian Revolt of 1680 all but four of those documents were destroyed For historians the tragedy cannot be calculated Nevertheless this absence and silence is important in its own right and is a part of the story told and imagined Let this effort and the key provided by Twitchell in his two volumes open the doors wide for knowledge to be useful today and tomorrow From the Foreword by Estevan Rael G Ivez New Mexico State Historian      *Historical documents relating to New Mexico* Charles Wilson Hackett, 1926      **New Mexico Historical Records Assessment Project** New

Twitchell, 1914 In what follows can be found the doors to a house of words and stories This house of words and stories is the Archive of New Mexico and the doors are each of the documents contained within it Like any house New Mexico's archive has a tale of its own origin and a complex history Although its walls have changed many times its doors and the encounters with those doors hold stories known and told and others not yet revealed In the Archives there are thousands of doors 4 481 that open to a time of kings and popes of inquisition and revolution These archives writes Ralph Emerson Twitchell are by far the most valuable and interesting of any in the Southwest Many of these documents were given a number by Twitchell small stickers that were appended to the first page of each document an act of heresy to archivists and yet these stickers have now become part of the artifact These are the doors that Ralph Emerson Twitchell opened at the dawn of the 20th century with a key that has served scholars policy makers and activists for generations In 1914 Twitchell published in two volumes *The Spanish Archives of New Mexico* the first calendar and guide to the documents from the Spanish colonial period Volume One of the two volumes focuses on the collection known as the Spanish Archives of New Mexico Series I or SANM I an appellation granted because of Twitchell's original compilation and description of the 1 384 documents identified in the first volume of his series *The Spanish Archives of New Mexico* was assembled by the Surveyor General of New Mexico 1854 1891 and the Court of Private Land Claims 1891 1904 The collection consists of civil land records of the Spanish period governments of New Mexico and materials created by the Surveyor General and Court of Private Land Claims during the process of adjudication It includes the original Spanish colonial petitions for land grants land conveyances wills mine registers records books journals dockets reports minutes letters and a variety of other legal documents Each of these documents tell a story sometimes many stories The bulk of the records accentuate the amazingly dynamic nature of land grant and settlement policies While the documents reveal the broad sweep of community settlement and its reverse effect hundreds of last wills and testaments are included in these records that are scripted in the most eloquent and spiritual tone at the passing of individuals into death These testaments also reveal a legacy of what colonists owned and bequeathed to the next generations Most of the documents are about the geographic political and cultural mapping of New Mexico but many reflect the stories of that which is owned both in terms of commodities and human lives Archives inevitably and these archives more than most

help to shape current debates about dispossession the colonial past and the postcolonial future of New Mexico For this reason the task of understanding the role of archives archival documents and the kinds of stories that emanate from them has never been more urgent Let this effort and the key provided by Twitchell in his two volumes open the doors wide for knowledge to be useful today and tomorrow From the Foreword by Estevan Rael Galvez New Mexico State Historian A History of New Mexico Charles Florus Coan,1925 Historical Documents Relating to New Mexico, Nueva Vizcaya and Approaches Thereto, to 1773: III.
