

New Middle East

Dafna H. Rand, Andrew P. Miller

New Middle East:

The New Middle East James L. Gelvin, 2017-10-03 In the aftermath of the collapse of the USSR the American invasion of Iraq and the Arab uprisings of 2010-11 a new Middle East has emerged. The Syrian civil war has displaced half the country's population and ISIS and other jihadi groups thrive in the political vacuum there and in Iraq setting a new standard for political violence. Meanwhile regimes in Egypt and Bahrain have become even more repressive after the uprisings there and Libya and Yemen have virtually ceased to exist as states. The hallmarks of this new Middle East are rebellion and repression, proxy wars, sectarian strife, the rise of the Islamic State, and intraregional polarization. International and regional actors stoke the flames with the United States and Russia seeking to reposition themselves in the region and Saudi Arabia and Iran vying for supremacy. In the long term perils including climate change, food and water insecurity, and population growth along with bad governance and stagnant economies will determine the destiny of the region. In *The New Middle East: What Everyone Needs to Know* renowned Middle East scholar James L. Gelvin explains all these developments and more in a concise question and answer format. Outlining the social, political, and economic contours of the New Middle East he illuminates the current crisis in the region and explores how the region will continue to change in the decades to come.

The New Middle East

Shimon Peres, Arye Naor, 1993 The Israeli Minister of Foreign Affairs offers a vision of the future for the Middle East. He sees a reconstructed region free of past conflicts set to take its place in a new era one that will not tolerate backwardness or ignorance and a social and economic revival fuelled by the billions of dollars wasted for decades on defence. He also offers an analysis of how peace can be achieved seeking nothing short of an historic new chapter between two peoples an end to 100 years of hostility and a beginning of 100 years of peace and understanding.

The New Middle East James L. Gelvin, 2023

In the second edition of *The New Middle East: What Everyone Needs to Know* renowned Middle East scholar James L. Gelvin explains how in the aftermath of the collapse of the USSR the American invasion of Iraq and the Arab uprisings of 2010-11 a new Middle East has emerged. Syria, Libya, and Yemen have become crisis states where warlords vie against governments and each other. The economies of Iran, Turkey, and Lebanon weakened by corruption, sanctions, and neoliberal economic policies have imploded. Some states have doubled down on repression while others intervene in the internal affairs of their neighbors with impunity. The revised and expanded edition explores these hallmarks of the New Middle East along with the end of American hegemony in the region, the expansion of conflict zones, the continued centrality of the Saudi-Iranian competition, and the ramifications of the breakdown of the Israel-Palestine peace process. It also highlights the crisis of human security brought on by the COVID-19 pandemic, bad governance, stagnant economies, poor healthcare and educational delivery systems, climate change, food and water insecurity, population growth and imbalance, and the unprecedented displacement of populations. In a concise question and answer format Gelvin outlines the social, political, and economic contours of the New Middle East illuminating the current crisis in the region and exploring how it is likely to evolve in the decades to come.

The New Middle East Fawaz A. Gerges, 2013-12-30 The New Middle East is one of the first comprehensive books to critically examine the Arab popular uprisings of 2011-12. While these uprisings prompted a number of cursory publications, this volume contains meticulous and thoughtful reflections on the causes, drivers, and effects of these seminal events on the internal, regional, and international politics of the Middle East and North Africa. Although specific conditions in individual countries that have experienced large-scale popular mobilizations are investigated, they are neither treated in isolation nor separated from broader developments in the region. Instead, the authors highlight connections between individual case studies and systemic conditions throughout the Arab arena. These include the crisis of political authority, the failure of economic development, and new genres of mobilization and activism, especially communication technology and youth movements. The careful analysis and reflection on the prospects for democratic change in the region ensures the book will have both an immediate and enduring appeal.

The New Middle East Paul Danahar, 2013-08-15 In 2011 the Arab revolts changed the Middle East forever. The toppling of a generation of dictators left the region in turmoil. Has the promise of the Arab Spring been lost? What does the rise of religious extremism on Europe's doorstep mean for the West and its allies? Is America giving up on the region and, if so, who will lead the new Middle East? Drawing on compelling first-hand reporting, a deep knowledge of the region's history, and access to many of the key players, BBC Bureau Chief Paul Danahar lays bare the forces that are shaping the region. Now completely revised and updated to include everything that has happened in the region since the book was first published.

Oil States in the New Middle East Kjetil Selvik, Bjørn Olav Utvik, 2015-07-16 Oil has been central to regime survival for oil states across the Arabian Peninsula and has been at the heart of their attempts to defuse the wave of Arab revolutions. However, in 2011 revolution hit Libya, the most oil-dependent regime in the Middle East. The political storm winds that have swept this region have thrown into doubt the resilience of Arab rentier states and highlighted how the political effects of oil vary across the oil-producing countries. *Oil States in the New Middle East* brings together leading experts to critically assess the centrality of oil and the relevance of Rentier State Theory in light of the post-2011 upheaval across the Middle East and North Africa. It combines overall reflections on the political dynamics in oil states with focused case investigations of individual countries. Taking as its starting point the centrality of oil in explanations of regime survival, the book analyses how the oil states have responded to and fared throughout the Arab popular uprisings, resulting in a critical assessment of the continued relevance of Rentier State Theory. While observers have asked how the uprisings varied between oil and non-oil states, this book turns the comparative focus inward, arguing for a more fine-grained understanding of the political effects of oil in different oil-producing countries. This book would be of interest to students and scholars of Middle East, North Africa, and Gulf Studies, Oil and Politics, as well as Comparative Politics and International Political Economy.

The Kurds in a New Middle East Cengiz Gunes, 2018-09-29 This book examines the Kurds' rise as new regional actors in the Middle East and the impact this is having on the regional order. Kurdish political activism has

reached a new height in the beginning of the 21st Century with Kurdish movements in Iraq Turkey and Syria establishing themselves as a significant force in the domestic politics of these states The consolidation of Kurdish autonomy in Iraq and the establishment of a Kurdish de facto autonomous region within Syria is adding to the Kurds growing influence in the region and enabling Kurds to forge stronger relations with regional and international forces The author analyses recent developments in the Kurdish question in Turkey Iran Iraq and Syria to understand the inter connections and inter dependencies that exist in the transnational Kurdish political space The book s policy relevance is likely to attract strong interest from policy makers as well as from academics and students in the fields of Middle Eastern Politics and International Relations

Geopolitics of the New Middle East Şaban Kardaş, Bülent Aras, 2023-06-26 This edited book takes a critical look at the geopolitics of the broader Middle East and North Africa MENA region It scrutinizes some of the perennial issues shaping the regional security agenda as well as the emerging geopolitical trends in the wake of a decade of turmoil triggered by the demands for political and economic reforms The contributors explore the geopolitical implications of the structural transformation process in the MENA region and beyond which has unleashed destabilizing forces and multifaceted conflicts with the involvement of many local regional and global actors They also look at how some of the regional actors have reacted to the risks and security challenges produced by the wave of instability and conflicts and conducted their foreign policy in this volatile period of fluid alliances Other contributors explore the roles and perspectives of major extra regional actors delving deeper into how they have adjusted their policies towards the emergence of a new order and reshuffling of alignments This book will be of interest to researchers and advanced students of politics international relations and political geography It was originally published as a special issue of the Journal of Balkan and Near Eastern Studies

Making the New Middle East Valerie J. Hoffman, 2019-02-28 Demands for freedom justice and dignity have animated protests and revolutions across the Middle East in recent years from the Iranian Green Movement and the Arab Spring uprisings to Turkey s March for Justice and the ongoing struggle in Palestine Although expectations raised by the Arab Spring were largely disappointed and protests that toppled entrenched rulers unleashed vicious counterrevolutionary forces there is no doubt that the landscape of the Middle East has changed Drawing from diverse disciplines this volume offers critical perspectives on these changes covering politics religion gender dynamics human rights media literature and music What ultimately has changed in the new Middle East Who are the actors pushing the direction of change How are aspirations for change being expressed through media and the arts With extensive analysis and thoughtful reflection this book gives readers an in depth portrayal of a modernizing Middle East

Battleground Christopher Phillips, 2024-02-27 The essential guide to geopolitics in the modern Middle East The Middle East is in crisis The shocking events of the war in Gaza have rocked the entire region More than a decade ago the Arab Spring had raised hopes of a new beginning but instead ushered in a series of civil wars coups and even harsher autocracies Tensions were exacerbated by the meddling of outsiders as regional and global

powers sought to further their interests The United States for so long the dominant actor had stepped back leaving a vacuum behind it to be fought over Christopher Phillips explores geopolitical rivalries in the region and the major external powers vying for influence Russia China the EU and the US Moving through ten key flashpoints from Syria to Palestine Phillips argues that the United States overextension after the Cold War and retreat in the 2010s has imbalanced the region Today the Middle East remains blighted by conflicts of unprecedented violence and a post American scramble for power leaving its fate in the balance

The Epicenter of Crisis Alexander T.J. Lennon, 2007 Analysis of the security challenges presented by six states in the crucible of post 9 11 geopolitical change Saudi Arabia Syria Iraq Iran Afghanistan and Pakistan The Epicenter of Crisis argues that six contiguous states epitomize the security challenges of a post 9 11 globalized world Saudi Arabia Syria Iraq Iran Afghanistan and Pakistan Characterized by a dramatically transforming Islam ethnic conflict civil war failed states and terrorism this new Middle East is the epicenter of what some call an arc of crisis stretching from the Balkans into Southeast Asia The Epicenter of Crisis examines this geopolitically dynamic region analyzing the changing role of Islam in these six critical countries the dangers posed by potential failed states and the evolving terrorist threat The contributors all specialists in Middle East or foreign policy address such crucial issues as the relationship between the Saudi royal family and Al Qaeda Syria's waning influence over Hezbollah media coverage of the war in Iraq a new US strategy for dealing with Iran Afghanistan's opium industry and the effectiveness of US multi billion dollar assistance to Pakistan The Epicenter of Crisis challenges readers to reconceptualize the boundaries of the Middle East in a changed world Contributors John R Bradley Rachel Bronson Daniel Byman Derek Chollet Craig Cohen Larry Diamond Emile El Hokayem Vanda Felbab Brown Brian Fishman Graham E Fuller Husain Haqqani Elliot Hen Tov Jorrit Kamminga Nina Kamp Alexander T J Lennon Michael McFaul Abbas Milani C Raja Mohan Michael O Hanlon Gwenn Okruhlik Carlos Pascual Kenneth M Pollack Dennis Ross Karim Sadjadpour Ashley Tellis Peter van Ham Eyal Zisser

Dispatches from the Arab Spring Paul Amar, Vijay

Prashad, 2013-09-01 The Arab Spring unleashed forces of liberation and social justice that swept across North Africa and the Middle East with unprecedented speed ferocity and excitement Although the future of the democratic uprisings against oppressive authoritarian regimes remains uncertain in many places the revolutionary wave that started in Tunisia in December 2010 has transformed how the world sees Arab peoples and politics Bringing together the knowledge of activists scholars journalists and policy experts uniquely attuned to the pulse of the region Dispatches from the Arab Spring offers an urgent and engaged analysis of a remarkable ongoing world historical event that is widely misinterpreted in the West Tracing the flows of protest resistance and counterrevolution in every one of the countries affected by this epochal change from Morocco to Iraq and Syria to Sudan the contributors provide ground level reports and new ways of teaching about and understanding the Middle East in general and contextualizing the social upheavals and political transitions that defined the Arab Spring in particular Rejecting outdated and invalid yet highly influential paradigms to analyze the region from

depictions of the Arab street as a mindless reactive mob to the belief that Arab culture was unfit for democratic politics this book offers fresh insights into the region's dynamics drawing from social history political geography cultural creativity and global power politics Dispatches from the Arab Spring is an unparalleled introduction to the changing Middle East and offers the most comprehensive and accurate account to date of the uprisings that profoundly reshaped North Africa and the Middle East Contributors Sheila Carapico U of Richmond Nouri Gana UCLA Toufic Haddad Adam Hanieh SOAS U of London Toby C Jones Rutgers U Anjali Kamat Khalid Medani McGill U Merouan Mekouar Maya Mikdashi NYU Paulo Gabriel Hilu Pinto U Federal Fluminense Brazil Jillian Schwedler Hunter College CUNY Ahmad Shokr Susan Slyomovics UCLA Haifa Zangana

The New Middle East James L. Gelvin, 2023 In the second edition of *The New Middle East* What Everyone Needs to Know renowned Middle East scholar James L Gelvin explains how in the aftermath of the collapse of the USSR the American invasion of Iraq and the Arab uprisings of 2010-11 a new Middle East has emerged Syria Libya and Yemen have become crisis states where warlords vie against governments and each other The economies of Iran Turkey and Lebanon weakened by corruption sanctions and neoliberal economic policies have imploded Some states have doubled down on repression while others intervene in the internal affairs of their neighbors with impunity The revised and expanded edition explores these hallmarks of the New Middle East along with the end of American hegemony in the region the expansion of conflict zones the continued centrality of the Saudi-Iranian competition and the ramifications of the breakdown of the Israel-Palestine peace process It also highlights the crisis of human security brought on by the COVID-19 pandemic bad governance stagnant economies poor healthcare and educational delivery systems climate change food and water insecurity population growth and imbalance and the unprecedented displacement of populations In a concise question and answer format Gelvin outlines the social political and economic contours of the New Middle East illuminating the current crisis in the region and exploring how it is likely to evolve in the decades to come

Hope and Despair Michael A. Horowitz, 2024-03-08 Days before his

country signed a deal to normalise ties with Israel the Emirati Ambassador to the US penned an article in Hebrew directly addressing Israelis Israel he argued faced a choice between engagement with the rest of the region or isolation His words struck a chord then and will continue to ring true in the decades to come Michael A Horowitz tells the unfolding story of this decision of tension between the hope ushered in by the normalisation agreements and the enduring despair both Israelis and Palestinians feel about the waning prospects of peace Rather than examining the past Horowitz looks to Israel's future one marked by new opportunities but also tremendous challenges as the country tries to find its place in a region trying to find itself Israel is a ship in a storm navigating a new Middle East where unfinished revolutions regional competition perceived US disengagement and an unstable but menacing Iran all warrant caution In the promised land itself existing gaps are widening and the space for optimism is shrinking *Hope and Despair* is a brutally honest exploration of what lies ahead for Israel the waves the winds and the ray of light above the clouds

The Arab Uprising Marc Lynch, 2013-01-08 Barely a

year after the self immolation of a young fruit seller in Tunisia a vast wave of popular protest has convulsed the Middle East overthrowing long ruling dictators and transforming the region's politics almost beyond recognition But the biggest transformations of what has been labeled as the Arab Spring are yet to come An insider to both American policy and the world of the Arab public Marc Lynch shows that the fall of particular leaders is but the least of the changes that will emerge from months of unrest The far ranging implications of the rise of an interconnected and newly empowered Arab populace have only begun to be felt Young frustrated Arabs now know that protest can work and that change is possible They have lost their fear meanwhile their leaders desperate to survive have heard the unprecedented message that killing their own people will no longer keep them in power Even so as Lynch reminds us the last wave of region wide protest in the 1950s and 1960s resulted not in democracy but in brutal autocracy Will the Arab world's struggle for change succeed in building open societies Will authoritarian regimes regain their grip or will Islamist movements seize the initiative to impose a new kind of rule The Arab Uprising follows these struggles from Tunisia and Egypt to the harsh battles of Yemen Bahrain Syria and Libya and to the cautious reforms of the region's monarchies It examines the real meaning of the rise of Islamist movements in the emerging democracies and the long term hopes of a generation of activists confronted with the limits of their power It points toward a striking change in the hierarchy of influence as the old heavyweights Iran Al Qaeda even Israel have been all but left out while oil rich powers like Saudi Arabia and swing states like Turkey and Qatar find new opportunities to spread their influence And it reveals how America must adjust to the new realities Deeply informed by inside access to the Obama administration's decision making process and first hand interviews with protestors politicians diplomats and journalists The Arab Uprising highlights the new fault lines that are forming between forces of revolution and counter revolution and shows what it all means for the future of American policy The result is an indispensable guide to the changing lay of the land in the Middle East and North Africa

Dreams and Shadows Robin B. Wright, 2008 A magnificent reckoning with the extraordinary changes engulfing the Middle East by one of our greatest reporters on the region Robin Wright first landed in the Middle East on October 6 1973 the day the fourth Middle East war erupted She has covered every country and most major crises in the region since then through to the rise of al Qaeda and the U.S. invasion of Iraq *Dreams and Shadows* is an extraordinary tour de horizon of the new Middle East with on the ground reportage of the ideas and movements driving change across the region and the obstacles they confront Through the powerful storytelling for which the author is famous *Dreams and Shadows* ties together the players and events in Iraq Iran Egypt Syria Lebanon Morocco Turkey the Gulf states and the Palestinian territories into a coherent vision of what lies ahead *Re-Engaging the Middle East* Dafna H. Rand, Andrew P. Miller, 2020-09-22 It's time for new policies based on changing U.S. interests U.S. policy in the Middle East has had very few successes in recent years so maybe it's time for a different approach But is the new approach of the Trump administration military disengagement coupled with unquestioning support for key allies Israel Egypt and Saudi Arabia the

way forward In this edited volume noted experts on the region lay out a better long term strategy for protecting U S interests in the Middle East The authors articulate a vision that is both self interested and carefully tailored to the unique dynamics of the increasingly divergent sub regions in the Middle East including North Africa the Sunni Arab bloc of Egypt and Persian Gulf states and the increasingly chaotic Levant The book argues that the most effective way to pursue and protect U S interests is unlikely to involve the same alliance centric approach that has been the basis of Washington s policy since the 1990s Instead the United States should adopt a nimbler and less military dominant strategy that relies on a diversified set of partners and a determination to establish priorities for American interests and the use of resources both financial and military In essence the book calls for a new post Obama and post Trump approach to the region that reflects the fact that U S interests are changing and likely will continue to change The book offers a fresh perspective in advance of the 2020 presidential election

Democratic Uprisings in the New Middle East Mahmood Monshipouri,2016-01-08 As Egypt retreats from its newly elected government and Syria moves from one crisis to another this book s reflection on the Arab Spring could not be more timely Monshipouri s account of the role of emotion solidarity and online activism is informed by several trips to the region that continue to this day The uprisings were fueled by a demographic surge of young people unable to find employment and frustrated by the lack of freedom and now the elected regime has been ousted for failing to address these continuing circumstances While modern technologies and social media may have brought new politics to the streets organization on the ground trumps the enthusiasm of young protesters when it comes to shaping a country s political future How to turn elections into democracy in these post conflict societies continues to be a daunting task especially in countries with a longstanding history of military involvement in politics now experiencing a resurgence This book addresses all of these subjects in an engaging and accessible narrative Key features of the text

The New Arab Wars Marc Lynch,2016-04-26 Marc Lynch s last book The Arab Uprising described the then ongoing revolutionary change and prospect for the consolidation of democracy in key Arab countries that still seemed possible But Lynch saw dark signs on the horizon especially in Syria That book ended with the hope that the Arab uprisings heralded a fundamental change over the long term but with the warning that Arab regimes would not easily give up their power Instead Egypt s revolution has given way to a military coup Libya s produced a failed state Yemen is the battleground for a proxy war and will be destroyed Syria has become a sprawling humanitarian catastrophe that will take a generation to begin to recover from At the same time America has less and less reason to want to engage with the region and now has only one functional ally apart from Israel The New Arab Wars describes how the political landscape of an entire region has been convulsed with much of it given over to anarchy as proxy wars on behalf of three competing powers Iran Turkey and Saudi Arabia scar the region It is a brutal compelling story
