The American Directory of Writer's Guidelines Stephen Blake Mettee, Michelle Doland, Doris Hall, 2005-12 Perhaps the best kept secret in the publishing industry is that many publishers both periodical publishers and book publishers make available writer's guidelines to assist would-be contributors. The American Directory of Writer's Guidelines is a compilation of the actual writer's guidelines for more than 1,600 publishers. A one-of-a-kind source to browse for article, short story, poetry, and book ideas.

Becoming a Teacher of Writing in Elementary Classrooms Donna Kalmbach Phillips, Mindy Legard Larson, 2015-12-22 Becoming a Teacher of Writing in Elementary Classrooms nurtures teachers' identities as writers, connects to the realities of writing instruction in real and diverse classrooms, and encourages critical and creative thinking. This text is about writing instruction as a journey teachers and students embark on together. The focus is on learning how to teach writing through specific teaching and learning structures found in the Writing Studio mini lessons, teacher and peer conferencing, guided writing and sharing, celebrating and broadcasting writing. Pedagogical features include teaching structures and strategies, problematizing practice, classroom scenarios, assessment resources, and a Companion Website. Because a teacher who views him or herself as a writer is best positioned to implement the Writing Studio, a parallel text, *Becoming writer* give readers space to consider who they are as a writer, their personal process as a writer, and who they might become as a writer.
