Anil Bhise, 2024-02-29 Revolution came in different stages in the gradual development of the brain in humans. The entire focus instead of betterment of life got diverted to living a self absorbed and narcissistic life at the cost of others. Ambitions turned into hatred, revenge and self sustenance by killing. Revolutions gave more and more weapons in the hands of humans to wipe out everything that they did not want. It became a race of massacres which became only a number without any value. Industrial Revolution meant for comfort, peace and harmony turned into a competition to see who had more Right from the Mahabharat War around 3500 B.C. and then World Wars I & II. The top leaders of the world took pride in devastation and killing. A man never looked at a woman as a human being and used her as an object to satisfy his lust. Torturing other humans was enjoyed over a toast of wine. Dharma, the righteous path explained in the Vedas, the Bhagavad Gita and then the Ten Commandments is grossly misunderstood, misinterpreted and distorted. They taught sacrifice and virtues and order that will make life and the universe possible. Even nature was not spared. Selfishness has become the order of the day.
