

The book cover features a light blue background with a soft, ethereal glow. In the upper corners, there are delicate illustrations of green tree branches with small leaves. In the center, two small hearts are depicted: a red one on the left and a gold one on the right, both with a subtle gradient. The title 'More Than Coincidence' is written in a large, white, serif font, centered on the cover. Below it, the subtitle 'When God Shines His Light on You' is written in a smaller, white, italicized serif font. At the bottom, the text 'EDITORS OF GUIDEPOSTS' is printed in a small, white, all-caps serif font.

## **More Than Coincidence:**

More Than a Coincidence in Our Midst Susan Fiskum Hall, 2023-03-23 More Than a Coincidence in Our Midst is a collection of stories that no matter what you believe you will find some of them astounding thought provoking inspiring entertaining and some of them comforting Although a few of them are mine most of them are from people I have known or met along the way They are all true I have communicated with each person individually When I began collecting these stories they just sprung up everywhere like the daylilies in the spring in Atlanta with little effort When people would tell me that they could hardly wait to read my book I would respond that I felt the same way because I never knew what story would be told to me next As you are about to read these stories perhaps you will stop and ask yourself questions Some people believe in the randomness of events in coincidences and others believe there are no such thing as coincidences There are so many things I cannot explain or understand however there are a few things I absolutely know I know that God has a plan for each of us and He has given all of us free will I see evidences of God s fingerprints all around us and like to think of them as God s divine assurances that we are not alone on our journey no matter what is happening It is my prayer that no matter what you believe or wonder about you can seek the truth and the truth will set you free To seek the truth is quite simple just ask to be shown You don t have to believe in anything Just say God I don t even know if You exist but if You do please reveal Yourself to me Finding the truth is just that simple After all just remember whether or not you believe in gravity or deny its existence it does exist I am stepping out in faith as I share the magic power of the words and experiences of myself and others as I fulfil my long standing dream to share this collection with you I have included one amazing event that occurred on my very last day before I retired from my thirteen year banking career just two minutes before we closed the door You may read about it in my introduction I hope you will be as astounded as I was My prayer is that all these stories may open your eyes to see your world in a different way May each of you reading this book and everyone who contributed as well be blessed without measure

**The Twin Film Phenomenon** Lauren Rosewarne, 2025-11-18 This book examines the recurring phenomenon in film and television where two strikingly similar productions are released in close succession Examples include Armageddon 1998 and Deep Impact 1998 A Bug s Life 1998 and Antz 1998 and more recently the 2019 Fyre Festival documentaries and the 2024 Prince Andrew docudramas Drawing from hundreds of cases this book explores why these twin productions emerge the industrial and creative forces that drive them and how they reflect broader trends in media history Situating this pattern within the fields of remake adaptation and media multiplicities studies this book provides a comprehensive analysis of this largely understudied yet pervasive phenomenon Each chapter examines different motivations behind the creation of twin films and TV shows from economic imperatives and competitive market dynamics to shared cultural anxieties and trends in audience demand This book presents a meticulous catalogue of examples demonstrating how genres and themes gain traction simultaneously across different studios and networks In addition to offering historical insights this book engages

with contemporary debates on media repetition nostalgia and Hollywood's fixation on reproducing familiar narratives Written by an author with extensive expertise in media studies this book combines exhaustive research with a clear accessible style making it an essential resource for understanding the mechanisms behind content duplication in the entertainment industry Academically this book contributes to scholarship in film television and media studies by applying an interdisciplinary approach that integrates political science feminist theory and cultural analysis It draws on close readings of films industry reports and a dataset of critical reviews to provide fresh perspectives on media production and consumption As a valuable resource for students and scholars alike it enriches discussions on screen media industrial production and the cultural forces shaping contemporary entertainment

**Our Lady of Emmitsburg, Visionary Culture, and Catholic Identity** Jill Krebs, 2015-12-30 This ethnography explores the community of believers in a series of Marian apparitions in rural Emmitsburg Maryland asking what it means to call oneself a Catholic and child of Our Lady in this context what it means to believe in an apparition and what it means to communicate with divine presence on earth Believers fashion themselves as devotees of Our Lady in several ways Through autobiography they look backward in time to see their lives as leading up to their participation in the prayer group or in some cases moving to Emmitsburg By observing and telling miracle stories they adopt an enchanted worldview in which the miraculous becomes everyday Through relationships with Our Lady their lives are enriched and even transformed When they negotiate institutional loyalty and individual autonomy they affirm their own authority and Catholic identity Finally through social media they expand their devotional networks in ways that shift authority structures and empower individuals Individuals engage beliefs practices and attitudes both arising from and resisting elements of modernity religious pluralism and religious decline empowerment and perceived disempowerment tradition and innovation and institutional loyalty and perceived disloyalty to reveal one way of understanding Catholic identity amidst the shifts and flows of modern change
