**More Than Memories** N. E. Henderson, 2018-11-02 Years ago a horrible accident left Whitney with amnesia. When her high school sweetheart Shane finds her, can he remind her of their past and get a second chance at love? [More Than Memories](#) Kristen James, 2022 Newly revised and expanded edition includes the follow up novella. Can she love him if she can't remember him? Molly Anderson returns home to a town she doesn't remember, hoping it will spark a memory. She runs into Trent Williams, an off-duty police officer, and something else definitely sparks. He wants to know why she left town with her parents but without a word to anyone. She doesn't remember that life. She can only tell him she knew her parents briefly before they died or were murdered; she's not sure. She hopes regaining her memory will help answer that question. Trent has his own secrets but they have a mystery to solve. As they work together and Molly meets their old friends, she realizes their relationship went deeper than memories. In fact, she grew up in Ridge City even though her parents had said they lived there just a few years. How could she have forgotten her lifelong friend and love? Can she love him again if she doesn't remember him? There's also the possibility that she did something awful and maybe that's why she's afraid to remember her old life. Molly knows she wants him now but the truth might destroy their love. [\*\*More Than Memories\*\*](#) N. E.

Henderson, 2022-02-15 High school graduation is supposed to be the ending of one chapter and the beginning of another. The excitement of college comes and the mystery to what the future holds. Mine ended in tragedy and although my life didn't end and the world didn't stop turning around me, my heart still broke. They told me she was dead. But that was a lie. Her parents had other plans for her that I wasn't supposed to be a part of. They used her amnesia to steal her from me, her friends, the life she wanted, the future we had planned. I should have searched harder, longer, but medical school and my residency that followed took over ten years of my life. I drowned myself in work and when that didn't numb the pain, I sought relief with a tattoo needle. A chance encounter changed everything. There she was, standing in the doorway, singing the lyrics to the song I was strumming on the guitar. After a decade, my love was back. But she was married with two kids. And one of them, her nine-year-old, had eyes that mirrored my own.
