

A promotional image for Mortal Kombat 1. In the center, the character Liu Kang stands in a martial arts stance, his hands glowing with fire. He is wearing his signature brown and black gi with a red headband. Behind him is a large, stylized blue dragon, the logo for Mortal Kombat. The dragon is set against a circular background that transitions from blue at the top to orange and red at the bottom, resembling a sunset or a fiery ring. The title "MORTAL 1 KOMBAT" is written in a bold, white, serif font across the middle of the image, with the number "1" being significantly larger than the other characters. The background is a light, hazy sky.

# MORTAL 1 KOMBAT™

# Mortal Kombat

## **Mortal Kombat:**

**Mortal Kombat** David Church, 2022-02-17 Upon its premiere in 1992 Midway's *Mortal Kombat* spawned an enormously influential series of fighting games notorious for their violent fatality moves performed by photorealistic characters Targeted by lawmakers and moral reformers the series directly inspired the creation of an industrywide rating system for video games and became a referendum on the wide popularity of 16 bit home consoles Along the way it became one of the world's most iconic fighting games and formed a transmedia franchise that continues to this day This book traces *Mortal Kombat*'s history as an American product inspired by both Japanese video games and Chinese martial arts cinema its successes and struggles in adapting to new market trends and the ongoing influence of its secret strewn narrative world After outlining the specific elements of gameplay that differentiated *Mortal Kombat* from its competitors in the coin op market David Church examines the various martial arts films that inspired its Orientalist imagery helping explain its stereotypical uses of race and gender He also posits the games as a cultural landmark from a moment when public policy attempted to intervene in both the remediation of cinematic aesthetics within interactive digital games and in the transition of public gaming spaces into the domestic sphere Finally the book explores how the franchise attempted to conquer other forms of media in the 1990s lost ground to a new generation of 3D games in the 2000s and has successfully rebooted itself in the 2010s to reclaim its legacy

**Long Live Mortal Kombat: Round 1**, 2022-10-06 To politicians and parents Mortal Kombat was a menace to society To gamers it was a way of life From dedicated hustlers who put thousands of miles on their odometers driving coast to coast to challenge the top players in arcades to fans who devote their free time to collecting action figures setting world records and plumbing the depths of its lore the Mortal Kombat franchise has topped sales charts for 30 years and its popularity shows no signs of waning But before Mortal Kombat

offended politicians flooded arcades with quarters and sold over 12 million units and counting executives at Midway saw it as filler a stopgap between more promising games like NBA Jam Co creators Ed Boon and John Tobias felt differently They believed their creation had potential But not even they could have imagined the phenomenon Mortal Kombat would become when it hit arcades in October 1992 or the controversy that would follow in its wake Based on extensive interviews Long Live Mortal Kombat Round 1 chronicles the arcade era of the video game industry s most infamous fighting series the creative and technical hurdles its team had to clear and the personal stories of the fans whose passion has made Mortal Kombat a pillar of popular culture
