teachers and librarians with story hours for children in grades K-3 *The Jewish Story Finder* Sharon Elswit, 2005 A subject guide to hundreds of Jewish stories this book's purpose is to help teachers, rabbis, librarians, folklorists, parents and storytellers find the right story to match their need. It also will lead educators to a wealth of Jewish stories on universal themes for use in multicultural programs for all ages. The stories are numbered for easy reference and grouped in broad categories for example God, faith and prayer, rabbinic wit and wisdom, tricksters and fools, festivals and holidays. For each story a list of tellings, author and book title provides numerous options for the story seeker and a list of keywords connects the story subject categories. Two cross referenced indexes make locating stories easy whether by subject, keywords or by title. An appendix lists recommended stories for children of different ages from lower elementary through middle school. The bibliography of almost 200 story collections and picture book tales gives the information needed to locate a source for every story in the book *Math Around the World* Beverly Braxton, Philip Gonsalves, Linda Lipner, Jacqueline Barber, 2000 A collection of eight games from four continents that use mathematics as students participate.
