More Tales from the Forbidden Planet Roz Kaveney, 1990-01-01 *A Blink of the Screen* Terry Pratchett, 2015-03-17 A collection of short fiction from Terry Pratchett spanning the whole of his writing career from schooldays to Discworld and the present day. In the four decades since his first book appeared in print Terry Pratchett has become one of the world's best selling and best loved authors. Here for the first time are his short stories and other short form fiction collected into one volume. *A Blink of the Screen* charts the course of Pratchett's long writing career from his schooldays through to his first writing job on the Bucks Free Press and the origins of his debut novel *The Carpet People* and on again to the dizzy mastery of the phenomenally successful Discworld series. Here are characters both familiar and yet to be discovered, abandoned worlds and others still expanding, adventure, chickens, death, disco and actually some quite disturbing ideas about Christmas all of it shot through with Terry's inimitable brand of humour. With an introduction by Booker Prize winning author A S Byatt, illustrations by the late Josh Kirby and drawings by the author himself this is a book to treasure.

The Year's Best Science Fiction Gardner R. Dozois, 1991 Annually assembling the best science fiction of the year, this series continues to live up to its name with the most original, innovative and wonderful short fiction published in 1990. The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume *The Encyclopedia of Science Fiction* this massive reference of 4 000 entries covers all aspects of fantasy from literature to art.

Creative Activism Rachel Lee Rubin, 2018-05-17 This collection brings together interviews with a compelling range of musicians, artists and activists from around the globe. What does it mean for an artist to be political? Moving away from a narrow idea about politics that is organized around elections, advocacy groups or concrete manifestos, the subjects of *Creative Activism* do their work through song, poetry, painting and other arts. The interviews take us from Oakland to London to Johannesburg and from the Occupy movement to the coal mines of Appalachia to the fantasy worlds created by some of our most fascinating writers of spectacular fiction. Listening to the important cultural workers of our time challenges any idea that some other time was the golden age of political art. *Creative Activism* gives us a front row seat to the thrilling artistic activism of our own moment.
