## **Plotting Motherhood in Medieval, Early Modern, and Modern**

**Literature** Mary Beth Rose, 2017-01-20 This book explores the inconsistent literary representations of motherhood in diverse texts ranging from the fourth to the twentieth centuries Mary Beth Rose unearths plots startling in their frequency and redundancy that struggle to accommodate or to obliterate the complex assertions of maternal authority as it challenges traditional family and social structures The analysis engages two mother plots the dead mother plot in which the mother is dying or dead and the living mother plot in which the mother is alive and through her very presence in the text puts often unbearable pressure on the mechanics of the plot These plots reappear and are transformed by authors as diverse in chronology and use of literary form as Augustine Shakespeare Milton Oscar Wilde and Tony Kushner The book argues that insofar as women become the second sex it is not because they are females *per se* but because they are mothers at the same time the analysis probes the transformative political and social potential of motherhood as it appears in contemporary texts like Angels in America     *The Little Cyclopedia of Mormonism ...* John Danforth Nutting, 1927

**The Mormon Puzzle, and how to Solve it** R. W. Beers, 1887     **Mormons and Muslims** Dennis Kirkland, 2008-02 Kirkland's short investigation of these two religions uncovers some uncanny similarities Both beliefs are covered with matching fingerprints in at least six key areas Christian

**Mormonism Unveiled; Including the Remarkable Life and Confessions of the Late Mormon Bishop**, John Doyle Lee, 1891     **Elder Northfield's Home; Or, Sacrificed on the Mormon Altar** Mrs. Jennie Bartlett Switzer, 1895     *Excavating Mormon Past* Newell C. Bringhurst, Lavina Fielding Anderson, 2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association *Excavating Mormon Past* assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields

remain unexplored It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty first century *Mormonism* Bruce Kinney,1912 The title of this the latest of the textbooks issued by the Council of Women for Home Missions may need a word of explanation It is generally acknowledged that Mormonism is similar to Mohammedanism in its endorsement of the practice of polygamy and its ideas of heaven Many other points of similarity between these systems have been noted by students and the Book of Mormon has marked resemblance to the Koran As all ancient religions have a modern equivalent Mormonism can justly be claimed to be the modern form of Mohammedanism and not incorrectly termed the Islam of America While the subject considered in this book should be approached only in a spirit of fairness and Christian sympathy it has become of too great importance in our national life to be omitted as a topic for careful study It is in response to a wide spread realization that this subject is a national problem and bears an important relation to Home Missions that the Council of Women presents this book In beginning its study it is wise to free the mind of some misapprehension Prominent among our national ideals are those of religious liberty for ourselves and toleration for our neighbors faith No violation of this principle is involved in a candid just and sympathetic study of any system of religious belief In the Handbook of our faith Christians are exhorted to prove all doctrines in order rightly to measure their truth and test their moral standards In this spirit this textbook has been written Dr Kinney is peculiarly fitted to deal with his subject both from careful investigation and from personal acquaintance with it in Utah The Mormon problem is not primarily a religious one nor should it be so considered The hierarchy which embodies this system has extended its influence into so many lines of our national concerns that Mormonism has ceased to be of merely theological or religious significance It must be studied in its relation to government and commerce to social conditions to its influence on state policies and even on the utterances of the press before it can be rightly understood as a factor in our present day nationality In all these connections it is presented by Dr Kinney and while he regards with Christian sympathy the followers of the Mormon religion he sees and presents clearly the dangers inherent in the designs ambitions and methods of the all powerful hierarchy which absolutely controls the affairs of the church and the lives of every one of its members The undue influence in the affairs of the nation and the councils of the government attained by this powerful body makes its beliefs and practices of national concern Dr Kinney s point of view is intelligent broad and just The Council of Women for Home Missions is glad to give to its readers and students a textbook so full of carefully authenticated information and written in a spirit of such justice and charity for those deceived indeed but honest in their mistaken beliefs From the Editorial Committee **The Latter-Day Saints' Millennial Star** ,1900 **Past Performance** Roger Bechtel,2007 In this age of overweening global capital and omnipresent electronic media many critics have diagnosed Western culture as suffering from a kind of historical obliviousness a mass inability to situate our lived experience within the temporal flow of past present and future that is history Within this historically bankrupt culture representations of history in whatever medium cinema television print most often become mere fashion the

quotation of past styles devoid of historical gravitas Against this Past Performance American Theatre and the Historical Imagination argues that many contemporary American theatre and performance artists are not only developing innovative strategies for staging history but helping us reimagine our relationship with the past     **The Latter-Day Saints' Millennial Star** Parley Parker Pratt,1900     **Mormonism and the Mormons** Alonzo Mansfield Bullock,1898     **The Phrenological Journal and Life Illustrated** ,1871     Recent Discussion of Mormon Affairs ,1907     **Spirit, Faith and Church** Laurence Lux-Sterritt,Claire Sorin,2011-10-18 Contradictions are legion when it comes to women and spirituality In Christian cultures the worth of the female sex is highly ambivalent since virginity and motherhood are construed respectively as badges of purity and fruitfulness whilst the biological processes which underlie them are considered taboo or impure Throughout history women are in turn represented as inferior defective creatures or as privileged empty vessels in their relationship with the divine This polarized conception of woman has influenced the way in which religious institutions learned writers or indeed women themselves consider the female personal and collective relationship with the supernatural with the divine and with the institutions which represent it Through eleven original essays this volume questions how women from the English speaking world have negotiated their roles in the spiritual and religious spheres From early modern Catholics and Puritan groups to twenty first century nuns Anglican ministers and Mormons how did women define their roles in male dominated institutions How did they react to the public perceptions of their bodies as either incompatible with or facilitating access to the divine The questions at the core of this book hinge upon the articulation between the female self body and soul and its experience of the preternatural of faith and of institutionalized groups Are there specific forms of female spirituality and do they lead to a feminized feminist conception of God     *The Women of Mormondom* Edward William Tullidge,1877
