Moses Maimonides And His Time:

Moses Maimonides and His Time Eric L. Ormsby, 2018-03-02 A collection of essays on the philosophy of Moses Maimonides

Maimonides Joel L. Kraemer, 2010-02-09 This authoritative biography of Moses Maimonides one of the most influential minds in all of human history illuminates his life as a philosopher physician and lawgiver A biography on a grand scale it brilliantly explicates one man's life against the background of the social religious and political issues of his time Maimonides was born in Cordoba in Muslim ruled Spain in 1138 and died in Cairo in 1204 He lived in an Arab Islamic environment from his early years in Spain and North Africa to his later years in Egypt where he was immersed in its culture and society His life career and writings are the highest expression of the intertwined worlds of Judaism and Islam Maimonides lived in tumultuous times at the peak of the Reconquista in Spain and the Crusades in Palestine His monumental compendium of Jewish law the Mishneh Torah became a basis of all subsequent Jewish legal codes and brought him recognition as one of the foremost lawgivers of humankind In Egypt his training as a physician earned him a place in the entourage of the great Sultan Saladin and he wrote medical works in Arabic that were translated into Hebrew and Latin and studied for centuries in Europe As a philosopher and scientist he contributed to mathematics and astronomy logic and ethics politics and theology His Guide of the Perplexed a masterful interweaving of religious tradition and scientific and philosophic thought influenced generations of Christian Muslim and Jewish thinkers Now in a dazzling work of scholarship Joel Kraemer tells the complete story of Maimonides rich life MAIMONIDES is at once a portrait of a great historical figure and an excursion into the Mediterranean world of the twelfth century Joel Kraemer draws on a wealth of original sources to re create a remarkable period in history when Jewish Christian and Muslim traditions clashed and mingled in a setting alive with intense intellectual exchange and religious conflict

Maimonides Sherwin B. Nuland, 2008-08-26 Part of the Jewish Encounter series Moses Maimonides was a Renaissance man before there was a Renaissance a great physician who served a sultan a dazzling Torah scholar a community leader a daring philosopher whose greatest work The Guide for the Perplexed attempted to reconcile scientific knowledge with faith in God He was a Jew living in a Muslim world a rationalist living in a time of superstition Eight hundred years after his death his notions about God faith the afterlife and the Messiah still stir debate his life as a physician still inspires and the enigmas of his character still fascinate Sherwin B Nuland best selling author of How We Die focuses his surgeon's eye and writer's pen on this greatest of rabbis most intriguing of Jewish philosophers and most honored of Jewish doctors He gives us a portrait of Maimonides that makes his life his times and his thought accessible to the general reader as they have never been before

Maimonides, His Wisdom for Our Time Moses Maimonides, 1990

Moses Maimonides Herbert Davidson, 2004-12-09 Moses Maimonides 1137-38 1204 scholar physician and philosopher was the most influential Jewish thinker of the Middle Ages In this magisterial biography Herbert Davidson provides an exhaustive guide to Maimonides life

and works After considering Maimonides upbringing and education Davidson expounds all of his many writings in exhaustive detail with separate chapters on rabbinic philosophical and medical texts Moses Maimonides has been recognized as the standard work on a towering figure of Western intellectual history *Maimonides* Israel Drazin, 2008-11-10 An examination of the remarkable penetrating mind of Moses Maimonides and to his rational eye opening thoughts on many subjects It includes ideas that are not incorporated in the usual books about this great philosopher because they are so different than the traditional thinking of the vast majority of people It contrasts the notions of other Jewish thinkers somewhat rational and others not rational at all The reader will be surprised if not shocked to learn that a host of beliefs that are prevalent among the Jewish masses have no rational basis This does not suggest that Judaism itself is irrational and absurd Just the opposite But many Jews have opted to believe the unreasonable and illogical conventional ideas what Maimonides would label non Jewish sabian notions because they have not been acquainted with Maimonides correct rational alternatives and taken the time to reflect upon it *Maimonides* Israel Drazin, 2009 This thought provoking and enlightening book uncovers unknown but true facts about Maimonides his family and his unique often controversial but brilliant ideas **Maimonides** Solomon Zeitlin, 2011-08 *Maimonides in His World* Sarah Stroumsa, 2009 While the great medieval philosopher theologian and physician Maimonides is acknowledged as a leading Jewish thinker his intellectual contacts with his surrounding world are often described as related primarily to Islamic philosophy Maimonides in His World challenges this view by revealing him to have wholeheartedly lived breathed and espoused the rich Mediterranean culture of his time Sarah Stroumsa argues that Maimonides is most accurately viewed as a Mediterranean thinker who consistently interpreted his own Jewish tradition in contemporary multicultural terms Maimonides spent his entire life in the Mediterranean region and the religious and philosophical traditions that fed his thought were those of the wider world in which he lived Stroumsa demonstrates that he was deeply influenced not only by Islamic philosophy but by Islamic culture as a whole evidence of which she finds in his philosophy as well as his correspondence and legal and scientific writings She begins with a concise biography of Maimonides then carefully examines key aspects of his thought including his approach to religion and the complex world of theology and religious ideas he encountered among Jews Christians Muslims and even heretics his views about science the immense and unacknowledged impact of the Almohads on his thought and his vision of human perfection This insightful cultural biography restores Maimonides to his rightful place among medieval philosophers and affirms his central relevance to the study of medieval Islam **Maimonides's Yahweh** Amy Karen Downey, 2019-03-20 The life of Moshe ben Maimon Maimonides remains a mystery to many within evangelical Christianity However he is lauded as a second Moses by many within modern Judaism Does he deserve that title Maimonides s via negativa created a rationale for rejecting the messiahship claims of Jesus in Rabbinic Judaism Therefore this book seeks to illustrate that Maimonides in his desire to create an anti Christian apologetic regarding the incarnation fashioned a Judaism that does not reflect the truths of the Tanakh Old

Testament and developed a Judaism that was untenable for the Jewish people of the twenty first century Many Jewish people today are turning in a thousand and one different directions for spiritual answers but not in the only way that will offer the way to God Jesus of Nazareth John 14 6 This work examines the history of Maimonides his teachings and an apologetic approach to bring the gospel back to the Jewish people Rom 1 16 Moses Maimonides Israel Wolf Slotki,1952

Encyclopaedia of the History of Science, Technology, and Medicine in Non-Western Cultures Helaine Selin,2008-03-12 Here at last is the massively updated and augmented second edition of this landmark encyclopedia It contains approximately 1000 entries dealing in depth with the history of the scientific technological and medical accomplishments of cultures outside of the United States and Europe The entries consist of fully updated articles together with hundreds of entirely new topics This unique reference work includes intercultural articles on broad topics such as mathematics and astronomy as well as thoughtful philosophical articles on concepts and ideas related to the study of non Western Science such as rationality objectivity and method You ll also find material on religion and science East and West and magic and science *Maimonides* T. M. Rudavsky,2009-12-01 A thorough and accessible introduction to Maimonides arguably one of the most important Jewish philosophers of all time This work incorporates material from Maimonides philosophical legal and medical works providing a synoptic picture of Maimonides philosophical range Maimonides was and remains one of the most influential and important Jewish legalists who devoted himself to a reconceptualization of the entirety of Jewish law Offers both an intellectual biography and an exploration of the most important philosophical works in Maimonides corpus Persuasively argues that Maimonides did see himself as engaged in philosophical dialogue Maimonides philosophy is presented in a way that is accessible to readers with little background in either Jewish or medieval philosophy Secondary readings are provided at the end of each chapter as well as a bibliography of recent scholarly articles on some of the more pressing philosophical topics covered in the book The Universalist Quarterly and General Review ,1887 **Dante & His Time** Karl Federn,1902

Dissolving Views in the History of Judaism Solomon Schindler,1888 **Maimonides** Daniel Davies,2023-11-29 The most famous of all medieval Jewish thinkers Moses Maimonides is known for his monumental contributions to Jewish law theology and medicine and for an influence that extends into the wider world His remarkable work *The Guide for the Perplexed* is notoriously difficult to interpret since Maimonides aimed it at those already versed in both philosophy and the rabbinic tradition and used literary techniques to test his readers and force them to think through his arguments Daniel Davies explores Maimonides approaches to issues of perennial and universal concern human nature and the soul the problem of evil the creation of the world the question of God s existence and negative theology He addresses the unusual ways in which Maimonides presented his arguments contextualising Maimonides thought in the philosophy and religion of his own time as well as elucidating it for today s readers This philosophically rich introduction is an essential guide for students and scholars of medieval philosophy philosophy of religion theology and Jewish studies *Sceptical Paths* Giuseppe

Veltri, Racheli Haliva, Stephan Schmid, Emidio Spinelli, 2019-09-02 The series Studies and Texts in Scepticism contains monographs translations and collected essays exploring scepticism in its dual manifestation as a purely philosophical tradition and as a set of sceptical strategies concepts and attitudes in the cultural field especially in religions perhaps most notably in Judaism In such cultural contexts scepticism manifests as a critical attitude towards different dimensions and systems of secular or revealed knowledge and towards religious and political authorities It is not merely an intellectual or theoretical worldview but a critical form of life that expresses itself in such diverse phenomena as religion literature and society Further book series of the Maimonides Centre for Advanced Studies are Jewish Thought Philosophy and Religion and the Yearbook of the Maimonides Centre for Advances Studies **The middle ages and modern times** Simon Dubnow, 1925
