## **Moskau Connection:**

*Blind-Spot Politics* Paul Lendvai, 2025 A leading Central European journalist investigates how political and intellectual elites in Europe's democracies underestimate and enable the continent's authoritarians from the Cold War onwards **The Chauvinist Threat** Sabine Fischer, 2025-10-27 Many attempts have been made to explain Russia's fateful decision to invade Ukraine but the distinguished political scientist Sabine Fischer argues that we can only fully understand Russia's foreign policy and its aggressive war of annihilation against Ukraine by putting Russian chauvinism at the heart of our analysis Fischer argues that Putin's regime has long been driven by a mixture of aggressive nationalism sexism and autocracy taken together these three elements constitute the chauvinist threat that stems from Moscow and that led to Russia's invasion of Ukraine An internationally renowned expert on Russia and Eastern Europe with decades of experience in EU Russia relations Fischer enriches her analysis with observations drawn from her own experiences in Russia and Eastern Europe over the past thirty years including conversations with senior Russian politicians and colleagues shortly before and after the invasion She also shows that the chauvinist threat stemming from Moscow is a threat not just to Ukraine but also to liberal democracy and the rules based world order and she outlines steps that liberal democracies should take to counter this danger Using a feminist lens and bringing into sharp focus the sexism of Putin's regime and its explosive interaction with nationalism and autocracy this book makes an important contribution to understanding both the brutal war in Ukraine and the serious threats faced by all liberal democracies today Germany and Nuclear Weapons in the 21st Century Ulrich Kühn, 2024-03-12 This book is the first scholarly book to take a comprehensive look at Germany's nuclear weapons policies in the 21st century German foreign and security policy is facing a profound reorientation Great power competition between the United States and both a revanchist Russia and a rising China the return of war and nuclear threats to Europe and the emergence of new technologies all force Germany to adapt German policymakers and scholars increasingly speak of a pivotal *Zeitenwende* an epochal turning point in history How does Germany adapt its nuclear policies to these changing conditions The volume brings together internationally renowned nuclear scholars and policy analysts from Germany and abroad Focussing on German nuclear deterrence arms control and disarmament as well as nonproliferation policies the contributors assess how German leaders have navigated continuity and change domestically and abroad The volume concludes that Germany remains bound by dependence on the United States and its own conservatism Within these parameters German leaders have adapted slowly to change and continue to balance seemingly contradictory deterrence and disarmament goals This book will be of much interest to students of nuclear proliferation security studies German politics and International Relations as well as policymakers **Kaput** Wolfgang Münchau, 2024-11-07 Until recently Germany appeared to be a paragon of economic and political success Angela Merkel was widely seen as the true leader of the free world and Germany's export driven economic model seemed to deliver prosperity But recent events from Germany's dependence on Russian gas to its car industry's delays

in the race to electric have undermined this view In Kaput Wolfgang M nchau argues that the weaknesses of Germany s economy have in fact been brewing for decades The neo mercantilist policies of the German state driven by close connections between the country s industrial and political elite have left Germany technologically behind over reliant on authoritarian Russia and China and with little sign of being able to adapt to the digital realities of the 21st century It is an essential read for anyone interested in the future of Europe s biggest economy *Germany and Eastern Europe* ,2023-08-14 The opening up and subsequent tearing down of the Berlin Wall in 1989 effectively ended a historically unique period for Europe that had drastically changed its face over a period of fifty years and redefined in all sorts of ways what was meant by East and West For Germany in particular this radical change meant much more than unification of the divided country although initially this process seemed to consume all of the country s energies and emotions While the period of the Cold War saw the emergence of a Federal Republic distinctly Western in orientation the coming down of the Iron Curtain meant that Germany s relationship with its traditional neighbours to the East and the South East which had been essentially frozen or redefined in different ways for the two German states by the Cold War had to be rediscovered This volume which brings together scholars in German Studies from the United States Germany and other European countries examines the history of the relationship between Germany and Eastern Europe and the opportunities presented by the changes of the 1990 s drawing particular attention to the interaction between the willingness of German and its Eastern neighbours to work for political and economic inte gration on the one hand and the cultural and social problems that stem from old prejudices and unresolved disputes left over from the Second World War on the other Moskau-Connection Joseph Finder,1996-01 The Lyrikabend of 11 December 1962 Alan G. Ng,2002 **Die Moskau-Connection** Reinhard Bingener,Markus Wehner,2023-03-16 Deutschland hat ber viele Jahre die Gefahr ignoriert die von Putins Regime ausging Es hat die Warnungen seiner europ ischen Nachbarn in den Wind geschlagen und sich von Gas und l aus Russland immer abh ngiger gemacht Die Folge ist eine schwere Wirtschaftskrise die den Wohlstand der Bundesrepublik langfristig schm lern wird Wie konnte es dazu kommen Welche Rolle spielte dabei Gerhard Schr der als SPD Bundeskanzler und sp terer Gas Lobbyist mit seinem weitverzweigten Netz in Politik und Wirtschaft Warum schlug CDU Kanzlerin Angela Merkel keinen weitsichtigeren Kurs ein Welche gesch ftlichen und politischen Verbindungen aber auch welche wirtschaftlichen und strategischen Interessen f hrten dazu dass Deutschland auf Putin setzte obwohl er schon vor seinem berfall auf die Ukraine Kriege gef hrt die Opposition ausgeschaltet und Freiheits und Menschenrechte missachtet hatte Die FAZ Korrespondenten Reinhard Bingener und Markus Wehner decken die Moskau Connection der deutschen Politik auf und zeigen wie eine der gr ten Fehleinsch tzungen deutscher Au enpolitik seit 1945 m glich wurde **IIIrd Congress, London, 1913** ,1913 **Von Moskau Nach St. Petersburg** Hans-Joachim Torke,2000 A Berelowitch De Modis Demonstrandi in Septidecimi SAeculi Moschovia N Boskovska Muscovite Women during the Seventeenth Century At the Peak of the Deprivation of their Rights or on the Road towards New Freedom A Bruning Peter
