## **Most Diplomatic General:**

*The Diplomatic Service; an Abstract and Examination of Evidence Taken by the Select Committee of the House of Commons in 1870* Robert Grant Watson,1871      **Delegated Diplomacy** David Lindsey,2023-03-14 Why do states still need diplomats Despite instantaneous electronic communication and rapid global travel the importance of ambassadors and embassies has in many ways grown since the middle of the nineteenth century However in theories of international relations diplomats are often neglected in favor of states or leaders or they are dismissed as old fashioned David Lindsey develops a new theory of diplomacy that illuminates why states find ambassadors indispensable to effective intergovernmental interaction He argues that the primary diplomatic challenge countries face is not simply communication it is credibility Diplomats can often communicate credibly with their host countries even when their superiors cannot because diplomats spend time building the trust that is vital to cooperation Using a combination of history game theory and statistical analysis Lindsey explores the logic of delegating authority to diplomats He argues that countries tend to appoint diplomats who are sympathetic to their host countries and share common interests with them Ideal diplomats hold political preferences that fall in between those of their home country and their host country and they are capable of balancing both sets of interests without embracing either point of view fully Delegated Diplomacy is based on a comprehensive dataset of more than 1 300 diplomatic biographies drawn from declassified intelligence records as well as detailed case studies of the U S ambassadors to the United Kingdom and Germany before and during World War I It provides a rich and insightful account of the theory and practice of diplomacy in international relations      The Diplomatic Background of the War, 1870-1914 Charles Seymour,1916      Research Handbook on Law and Diplomacy Margaret E. McGuinness,David P. Stewart,2022-12-08 This timely Research Handbook examines the dynamic and interdependent relationship between law and diplomacy in the contemporary international system Through accounts of the actual practice of international law and diplomacy it provides insights into how international law and relations operate and examines the complex relationship      **The life and adventures of George Augustus Sala, written by himself. Popular ed** George Augustus H.F. Sala,1896      For Commanders ,1963      **AF Press Clips** ,1972      Oppenheim's International Law: United Nations Rosalyn Higgins,Philippa Webb,Dapo Akande,Sandesh Sivakumaran,James Sloan,2018-12-13 The United Nations whose specialized agencies were the subject of an Appendix to the 1958 edition of Oppenheim s International Law Peace has expanded beyond all recognition since its founding in 1945 This volume represents a study that is entirely new but prepared in the way that has become so familiar over succeeding editions of Oppenheim An authoritative and comprehensive study of the United Nations legal practice this volume covers the formal structures of the UN as it has expanded over the years and all that this complex organization does All substantive issues are addressed in separate sections including among others the responsibilities of the UN financing immunities human rights preventing armed conflicts and peacekeeping and judicial matters In examining the

evolving structures and ever expanding work of the United Nations this volume follows the long held tradition of Oppenheim by presenting facts uncoloured by personal opinion in a succinct text that also offers in the footnotes a wealth of information and ideas to be explored It is book that while making all necessary reference to the Charter the Statute of the International Court of Justice and other legal instruments tells of the realities of the legal issues as they arise in the day to day practice of the United Nations Missions to the UN Ministries of Foreign Affairs practitioners of international law academics and students will all find this book to be vital in their understanding of the workings of the legal practice of the UN Research for this publication was made possible by The Balzan Prize which was awarded to Rosalyn Higgins in 2007 by the International Balzan Foundation

*Secret Diplomacy* Corneliu Bjola, Stuart Murray, 2016-04-14 This volume investigates secret diplomacy with the aim of understanding its role in shaping foreign policy Recent events including covert intelligence gathering operations accusations of spying and the leaking of sensitive government documents have demonstrated that secrecy endures as a crucial yet overlooked aspect of international diplomacy The book brings together different research programmes and views on secret diplomacy and integrates them into a coherent analytical framework thereby filling an important gap in the literature The aim is to stimulate generate and direct the further development of theoretical understandings of secret diplomacy by highlighting gaps in existing bodies of knowledge To this end the volume is structured around three distinct themes concepts contexts and cases The first section elaborates on the different meanings and manifestations of the concept the second part examines basic contexts that underpin the practice of secret diplomacy while the third section presents a series of empirical cases of particular relevance for contemporary diplomatic practice While the fundamental conditions diplomacy seeks to overcome alienation estrangement and separation are imbued with distrust and secrecy this volume highlights that if anything secret diplomacy is a vital if misunderstood and unfairly criticised aspect of diplomacy This book will be of much interest to students of diplomacy intelligence studies foreign policy and IR in general

*The Life and Adventures of George Augustus Sala* George Augustus Sala, 1896 **Harper's New Monthly Magazine**, 1900 Harper's Magazine made its debut in June 1850 the brainchild of the prominent New York book publishing firm Harper Brothers Harper's Magazine the oldest general interest monthly in America explores the issues that drive our national conversation through long form narrative journalism and essays and such celebrated features as the iconic Harper's Index With its emphasis on fine writing and original thought Harper's provides readers with a unique perspective on politics society the environment and culture
