Our Kind of Movie Douglas Crimp, 2012-03-02 A celebrated writer on contemporary art and queer culture argues that Andy Warhol s films enable us to see differently and to see a different world We didn t think of our movies as underground or commercial or art or porn they were a little of all of those but ultimately they were just our kind of movie Andy Warhol Andy Warhol was a remarkably prolific filmmaker creating more than 100 movies and nearly 500 of the film portraits known as Screen Tests And yet relatively little has been written about this body of work Warhol withdrew his films from circulation in the early 1970s and it was only after his death in 1987 that they began to be restored and shown again With Our Kind of Movie Douglas Crimp offers the first single authored book about the full range of Andy Warhol s films in forty years and the first since the films were put back into circulation In six essays Crimp examines individual films including Blow Job Screen

Test No 2 and Warhol's cinematic masterpiece *The Chelsea Girls* perhaps the most commercially successful avant garde film of all time as well as groups of films related thematically or otherwise films of seductions in confined places films with scenarios by Ridiculous Theater playwright Ronald Tavel Crimp argues that Warhol's films make visible new queer forms of sociality Crimp does not view these films as cinematic documents of Warhol's milieu or as camera abetted voyeurism but rather as exemplifying Warhol's inventive cinema techniques his collaborative working methods and his superstars unique capabilities Thus if Warhol makes visible new social relations Crimp writes that visibility is inextricable from his making a new kind of cinema In *Our Kind of Movie* Crimp shows how Warhol's films allow us to see against the grain to see differently and to see a different world a world of difference
