Motherless Daughters Hope Edelman,2018-09-06 Ask any woman whose mother has died and she will tell you that she is

irrevocably altered as deeply changed by her mother's death as she was by her mother's life. Although a mother's mortality is inevitable, no book had discussed the profound, lasting and far-reaching effects of this loss until *Motherless Daughters*, which became an instant classic. Over twenty years later, it is still the book that women of all ages look to for comfort and understanding when their mothers die, and the book that they continue to press into each other's hands. Building on interviews with hundreds of mother-loss survivors, the author's personal story of losing her mother and recent research in grief and psychology, *Motherless Daughters* reveals the shared experiences and core identity issues of motherless women. *Motherless Daughters* is a timeless source of consolation and information for all who grieve the death of their mother. It highlights that we bear this loss by remembering, not forgetting our mother. JULIA SAMUEL, author of *Grief Works*: Anyone who has lost their mother should read this remarkable, tender book full of insight and consolation. This is one of those exceptional books that has the power to change your life. CLOVER STROUD, author of *The Wild Other*: Nothing has helped me make more sense of myself than *Motherless Daughters*; it's the book I go back to again and again and find something new in it every time. DECCA AITKENHEAD, *Intelligent*: brave, consoling and wise, an essential and illuminating must-read for anyone who has lost a mother or loves someone who did. CHERYL STRAYED, author of *Wild*: This book has helped me heal my heart. Finding myself in the stories of other motherless daughters let me know I was not alone. If you have lost your mom, this book is essential. ROSIE O'DONNELL, *Absorbing*: insightful, a moving and valuable treatment of a neglected subject. NEW YORK TIMES BOOK REVIEW

Conversations with My Mother Melville, Gary Finkelstein, 2000-05. *Conversations With My Mother* is Melville's emotional journey of coming to terms with his mother's death. It's an inspirational story of how life continues on in the face of tragedy. The book consists of daily conversations created from Melville's thoughts and feelings. The book deals with Melville's feelings of loss, grief and despair. It speaks of his feelings of helplessness and anger when his mother became sick, and the author describes his feelings of inadequacy because there was nothing he could do to help her. He blamed himself for not having the foresight to know that something was very wrong, as his mother had said. It also talks about his anger toward the doctors. Why didn't they know more? *Conversations* also describes his mother's eulogy and burial, the cleaning out of her apartment, and how one rises to the occasion to deal with the legal considerations and other responsibilities that take place after a parent dies. Melville, falling into the depths of depression, is shocked back into reality by an unforeseen event. He comes to terms with his mother's death and begins to concentrate on living life again. The experience has made him realize the relationship between life, time and a person's dreams. This book is a tribute that can be related to anybody's mother. It shows a mother's strong characteristics, how she survives in the face of tragedy, loss and pain, and how she simply wants to love and be good to her family. A mother's humbleness makes her children want to be with her and near her. The author recognizes that a mother possesses a great knowledge of the human condition and that it's a mother's spirit and solid foundation that make us proud of her.
