## **Mother A Collective Portrait:**

Mother Mary M. Kalergis,1997-03-01    *Mother* Mary M. Kalergis,1988-05-01 A collection of brief essays by women on their role as mothers    **Ruth Asawa and the Artist-Mother at Midcentury** Jordan Troeller,2025-05-06 How a group of artist mothers in postwar San Francisco refused the centuries old belief that a woman could not make art while also raising children For most of modern history to be an artist and a mother was to embody a contradiction in terms This awful dichotomy as painter Alice Neel put it pitted artmaking against caretaking and argued that the best art was made at the expense of family and futurity But in San Francisco in the 1950s and 1960s a group of artists gathered around Ruth Asawa 1926 2013 began to reject this dominant narrative In Ruth Asawa and the Artist Mother at Midcentury Jordan Troeller analyzes this remarkable moment Insisting that their labor as mothers fueled their labor as artists these women redefined key aesthetic concerns of their era including autonomy medium specificity and originality Delving into the archive where the traces of motherhood have not yet been erased from official history Troeller reveals Ruth Asawa s personal and professional dialogue with several other artist mothers including Merry Renk Imogen Cunningham and Sally Woodbridge For these women motherhood was not an essentialized identity but rather a means to reimagine the terms of artmaking outside of the patriarchal policing of reproduction This project unfolded in three broad areas which also structure the book s chapters domesticity and decoration metaphors for creativity and maternal labor in the public sphere especially in the public schools Drawing on queer theory and feminist writings Troeller argues that in belatedly accounting for the figure of the artist mother art history must reckon with an emergent paradigm of artmaking one predicated on reciprocity caretaking and futurity

**Representations of the Mother-in-Law in Literature, Film, Drama, and Television** Jo Parnell,2018-08-03 This book is a comprehensive study of some ways of treating the subject that demonstrate new and unusual perspectives and provides a different approach to the popularly held views of mothers in law and that further address these works as popular culture and as texts in their own right from within the framework of literary theory and as works that demonstrate the ability to reach and connect with and satisfy both the general reader the student and the scholar from all levels and walks of life    Mothers on Trial Phyllis Chesler,2011-07-01 Completely updated and revised for the twenty first century Mothers on Trial remains the bible for all women facing a custody battle as well as the lawyers psychologists and others who support them This landmark book was the first to break the false stereotype about mothers getting preferential treatment over fathers when it comes to custody In this new edition Chesler shows that with few exceptions the news has only gotten worse when both the father and the mother want custody the father usually gets it The highly praised Mothers on Trial is essential reading for anyone concerned personally or professionally with custody rights and the well being of our children    *In Their Mothers' Eyes* Martina Mettner,2001 This book is devoted to the images of children from the perspective of the mothers who are professional photographers    **Love, Money, Duty** Rachel Adams,2025-04-29 From birth to death we care and are cared for

by others Yet we rarely acknowledge care except when it fails In Love Money Duty Rachel Adams examines the stories we tell about care those who do the work and those who depend on it These narratives she argues help us better understand our complicated feelings about care and the obligations that come with it Combining insightful and compassionate readings of writers and artists among them Toni Morrison Susan Sontag Roz Chast Sally Mann and Jamaica Kincaid with stories of her own experiences Adams analyzes the work feelings and ethical dilemmas associated with care including unwelcome emotions such as boredom resentment exhaustion and disgust From the universal dependence of infancy to elder care and from the intimacy of home and family to institutions like hospitals nursing facilities and asylums Love Money Duty considers our ambivalence about vulnerability and need and how it is shaped by capitalism race and gender Drawing from moral philosophy gender and queer theory critical race and disability studies and health humanities Adams treats care as a form of work a feeling an ethic and an art Exploring the radical possibilities of care and the devastating consequences of its failure this book invites readers to appreciate care that works recognizing the creativity and resourcefulness of dependent people and their caregivers
